*Numbers for enrollment and staffing are from the October 1, 2019 FTE.*

### Community

Douglas County High School opened its doors in 1937 as the county's first high school. Located on Campbellton Road in the Douglas County Historic District, the school is less than a mile from downtown Douglasville. It is the largest high school in Douglas County in terms of enrollment and competes in the Region 5AAAAAA for athletics and activities.

### Curriculum

Douglas County operates on a 4 x 4 schedule, with students completing four classes each semester. Classes are 95 minutes, and students take final exams at the end of each semester. The school offers a wide variety of classes, including advanced academics, fine arts, and Career, Technical and Agricultural Education (CTAE). Because of course requirements, the IB schedule varies from the regular schedule.

### Magnet

Douglas County High School began offering the International Baccalaureate (IB) program during the 2006-2007 school year. IB offers the most rigorous academic course of study available to high school students in the world, designed to develop outstanding communication, problem solving, and social skills, while encouraging active extra-curricular involvement and service. Students in the IB program must take 22 IB classes during their four years in high school. Douglas County High School is one of 27 diploma programs in the state of Georgia.

Students districted for Douglas County High School as well as students throughout the county may apply for the IB Program during fall of their 8th grade year. The percentage of IB students earning the prestigious IB Diploma had been increasing in recent years. In 2017, 80% of IB students scored high enough on IB exams to earn the IB Diploma, exceeding the international average. In 2018, 71.4% of IB students at Douglas County High School earned the IB Diploma.

### Mission

Our mission is to provide a rigorous academic and character building education for all students in a safe and supportive environment.

### Vision

Our vision is to build a community of lifelong learners who become responsible, productive citizens, and who excel in the global marketplace.
