ACADEMICS: GRADING GUIDELINES

Grades
All grades taken on assignments, tests, and/or projects shall be recorded in the Student Information System (electronic grade book).

Grading Scale
Grades shall be calculated on assignments, tests, and/or projects in the following method:

- A = 90 to 100
- B = 80 to 89
- C = 71 to 79
- D = 70
- F = Below 70

Weight of Grades
All grades can be categorized into two groups, summative and formative. All grades should be academic and relevant to the course. Extra credit work should be academic. The following defines the differences between these two groups:

Summative Grades
- Summative grades will comprise approximately 50% of the 36 week average in all high school credit courses*
- Summative categories or grades could include but are not limited to: Examinations/Tests, Projects, Labs, Term Papers, compositions, Benchmarks, Common District Assessments, Quizzes, midterms, and other similar assignments

Formative Grades
- Formative grades will comprise approximately 30% of the 36 week average in all high school credit courses*
- Formative grades could include but are not limited to: Class Work, Notebooks, Labs, Quizzes, Homework, and other similar assignments

EOC/Final Exam
- End of Course will count 20% of the 36 week average in all high school courses.*

*Non EOC courses can use culminating projects or finals which also count 20%.

Minimum Number of Grades
Building level administrators will monitor at school level. A minimum of nine (9) grades per eighteen (18) weeks is expected. Grades will be updated in the Parent Portal every 2 weeks.

Incomplete Grades
Incompletes are awarded to students who did not complete their End of Course Exam (EOC) upon finishing the course, did not complete their final exam, and/or have major grades missing due to an unexpected absence or illness. For EOCs, incompletes will be converted to a numeric grade once the EOC is completed by the student or the student is given numerous opportunities to take the test and a zero is awarded for the EOC score. For missing exams or major grades, students have ten days or at the discretion of the building principal to complete the missing items.

Transfer Students’ Averages
Teacher should assign each grade in the grade book with the students’ transfer average.
Late Work
Late work is classified as work not turned in on time, but not due to excused or unexcused absence. The penalties, determined by the classroom teacher, for late work apply to students not turning work in on time. The acceptance of late work is left to the discretion of the building level administrator. It is encouraged for teachers to use an approach of mastery of the curriculum standards.

Make Up Work (Excused)
Students will be given 1 day for each day absent to complete and turn in make up work, unless the building level administrator has established a building policy. Students shall be expected to contact his or her teachers to obtain make up assignments. Students shall receive a zero for any assignment or test not made up in the allotted time. Within this framework, the maximum time allowed shall be determined at the discretion of the teacher and building level administrator according to individual circumstances.

Make Up Work (Unexcused)
The acceptance of make work for unexcused absences is left to the discretion of the teacher and building level administrator according to individual circumstances.

Extra Credit
Extra Credit opportunities will be provided consistently across subject areas at the discretion of the principal and must be academic in nature.

APPEALS
*A student/parent has 5 business days from the date report cards are issued to appeal the final grade. The appeal must be made in writing to the principal and the decision of the principal is final.

ACADEMICS: INTEGRITY
Douglas County High School is dedicated to the development of a community of lifelong learners for all students. We believe in promoting academic integrity as a foundation for the academic process. Any student who cheats, plagiarizes, collusion, fabrication, duplication of work, uses unauthorized assistance or sources in their completion of classwork, homework, essays, quizzes, tests, and/or projects will be considered to not be using academic integrity. Academic integrity can result in a grade of a zero on an assignment and/or disciplinary action being taken on a student as well.

The International Baccalaureate program also holds its students to the upmost academic integrity. Any type of academic dishonesty could ultimately result in removal from the program. An academic honesty committee has been established to oversee and determine academic dishonesty cases in IB. http://www.ibo.org/globalassets/digital-tookit/brochures/academic-honesty-ib-en.pdf

ACADEMICS: PROGRESS REPORTS AND REPORT CARDS
Progress reports will be distributed to students every 4 1/2 weeks. Final report cards are mailed within 10 days of the last day of school. All students will receive their report card unless, they are on the hold list for fees, fines, or books. Seniors: At the 27 Week progress report, each teacher will provide the administration a list of all seniors who are failing or in danger of failing. In addition, teachers will establish personal contact through conference, phone calls, or email communication with the parents/guardians of any senior whose performance at the end of each semester indicates that the student may not be eligible to graduate. Teachers are required to enter grades every 10 days to assure accurate reflection of a student’s grade.

ACADEMICS: AB HONOR ROLL
Students who achieve As and Bs only in a semester, have no ISS or OSS for the semester, will be named to the AB Honor Roll. Each semester the AB Honor Roll is posted in the Great Hall.

ACADEMICS: ALL A HONOR ROLL
Students who achieve ALL As in a semester, have no ISS or OSS for the semester, will be named to the ALL A Honor Roll. Each semester the A Honor Roll is posted in the Great Hall.
ACADEMICS: TRANSCRIPT REQUEST

ATTENDANCE

ATTENDANCE: ABSENCES
Students absent from school must submit to the attendance clerk an original note (faxes are accepted) from a parent/guardian stating the reason for the absence and a telephone number for parental verification. Emails of student absences may not be accepted, due to the failure to test the validity of the author of the email.

The attendance office will code the absence as excused (E) or unexcused (U) according to the note submitted. This permits the student to arrange for make-up work accordingly.

If a student returns to school without a note from the parent/guardian, the absence is marked unexcused. The absence will be changed to excused, if the student presents a note from a parent/guardian to the attendance clerk within three school days after the absence has occurred. Notes should not be submitted directly to the teachers. Attendance notes WILL NOT be accepted after one month and the absence will remain unexcused.

It is not necessary for the student to bring a note from a parent/guardian for absences which occur due to school-sponsored activities or approved pre-arranged absences for which the parent/guardian has already been given written permission.

Every teacher will take attendance each period.

ATTENDANCE: ABSENCES (PRE APPROVED)
In situations where it is known in advance that a student will be absent from school, the student is encouraged to request his/her assignments to be missed and have the absence approved before the absence occurs. Pre-approved absences may be granted by the principal or his/her designee. Assignments missed during the absence should be turned in upon the student’s return.

ATTENDANCE: CHECK OUTS
All requests to check out must be given to the attendance clerk before school and must include the reason for the check out and a parent or guardian’s home or work number for parental verification. The attendance clerk will verify all checkouts. Any emergency exception must be approved by an administrator. If the student returns to school before the end of the day, the student must check in through the attendance office. Students who are 18 will not be able to check themselves out of school, just because of their age.

ALL CHECKOUTS MUST BE VERIFIED BY THE ATTENDANCE CLERK BEFORE THE STUDENT WILL BE PERMITTED TO CHECK OUT AND LEAVE CAMPUS.

***Students are discouraged from checking out of school after 3:20 PM.

ATTENDANCE: CLASS CUTS
A class cut occurs when a student is absent from class for more than 10 minutes without having permission from the teacher or authorization from the office to do so. Abuse of hall pass privileges will be considered a class cut.
Class cut referrals will receive a punishment of, but not limited to, In School Suspension and/or Out of School Suspension.

ATTENDANCE: WBL/INTERNSHIPS
Students participating in business/medical service internships and/or Work Based Learning, that require early dismissal from school must report to class, sign out with their teacher each period, and leave campus IMMEDIATELY. Students must present official pass to the Resource Officer upon leaving the as set forth by each program may result in removal from that program or appropriate discipline consequences.

ATTENDANCE PROCEDURES: TARDIES TO SCHOOL
Students are expected to be on time to school. Students who arrive late to school must report directly to the Attendance Office after 8:45a. If parents provide a note describing circumstances outlined as an “excused tardy,” the student will be given an excused tardy pass to class. Students arriving to school between classes must check in at the attendance office. Any student arriving to school without checking in through the attendance clerk will
receive additional consequences. Tardies are cumulative across all classes per semester (1st - 2nd Period). Consequences for excessive tardies will range from Saturday School, ISS, and OSS.

**ATTENDANCE: TARDIES TO CLASS**

Students are expected to be in class and ready to begin work when the bell stops ringing. There is a warning bell. Students who are not in class when the bell stops ringing will be tardy to class. Tardies are cumulative to each block per semester (2nd – 4th Block). Consequences for excessive tardies will range from Lunch Detention, Saturday School, ISS, and/or OSS. Students who are tardy to class will need to go to a Student Conductor Tardy Station to receive their computer generated pass to class. The receipt will have their warning or punishment on the slip and the receipt will be the student’s pass to class.

**ATTENDANCE: LEAVING CAMPUS**

Once students arrive on campus, they may not leave prior to dismissal at the end of the day without checking out through the attendance office. This includes students who are on campus prior to the start of school but must leave before reporting to class. If students are unable to be in school for the full day and come on campus for any reason they must check in and check out through the attendance clerk.

**AFTERSCHOOL ACTIVITIES**

Students are allowed to stay after school for the purpose of tutoring, work in the media center, CHAMPS ASP, extracurricular club and organization meetings, club and organizational practice, and athletic practices. Any student who stays afterschool for one of the above mentioned activities, should be with the sponsor or coach by 4:00pm. All students who are afterschool without sponsor/coach supervision, must be outside in front of the school. The administration will make adjustments for students to stay inside based on weather conditions.

**CAFETERIA**

Students must report to the cafeteria or designated areas during their assigned lunch. Students are responsible for keeping the cafeteria and designated areas clean. Students may not be in the hallways, gymnasium, or any unauthorized area during lunch. Students are not allowed to leave campus during lunch or any other time during the school day without checking out. Students must dispose of all trash before going to class. For purposes of school safety, students are not allowed to leave the cafeteria to obtain food from parents or friends. Lunches and other items for students should be dropped off in the front office. Parents are welcome to eat lunch with their students. However, parents must receive prior permission from an administrator (please provide us 24 hours notice) and sign in at the front office.

**CELL PHONES//ELECTRONIC DEVICES // EARBUDS**

Cell phones and other electronic devices may not be used, displayed, or turned on during class time unless directed by a teacher specifically for instructional purposes. **Cell phones should also be off and away on school system operated vehicles and during an emergency drill/ evacuation.** Earbuds may not be used during class time unless directed by a teacher specifically for instructional purposes. DCHS teachers will use a Schoolwide Cell Phone Policy to let students know when it is appropriate in class to use phones or electronic device. A red light will mean NO ELECTRONIC DEVICES ALLOWED. A yellow light will means students must receive permission from the teacher to use their electronic device. A green light will mean students are allowed to use their electronic device.

**COLLEGE AND CAREER CENTER**

The College and Career Center is for the use of all students. Parents may also make appointments to use the Center. The primary function of the Center is to serve as a reference area for any post-secondary information about careers, SAT/ACT, ASVAB, ACCESS testing, military, colleges, technical schools, financial aid, and scholarships. The Center is open between 8:00 a.m. and 3:40 p.m. Students should schedule use of the Center with the Center Coordinator.

**COUNSELORS**

The counselors are normally at school between the hours of 8:00 a.m. and 3:50 p.m. The counselors can provide assistance in a number of areas including, but not limited to, course selection, graduation requirements, career
guidance, and personal problems. Unless there is an immediate emergency, students should always get a pass from a teacher to go to the Counseling Office.

The high school counseling program includes personal and group counseling, career counseling, credit verification, course planning, interpretation of test results, consultation with parents and teachers, group work, and classroom guidance. The counseling program coordinates and/or facilitates the Individual Advisement System and financial aid programs and homebound program.

A student will not be called out of class to retrieve any items. DCHS is not responsible for any items dropped off at school. All items need to be collected by the end of the school day. We do not have a way to secure items not retrieved by the end of the school day.

HALL PASSES

During school hours a student must have a hall pass in the hallway. Passes should include student name, time, date, destination, and teacher’s signature. Students who misuse pass privileges can lose them.

HEALTH SERVICES: MEDICATION

All prescription medications are required to be stored in the clinic, unless students have permission to carry a medication via a district-approved parental authorization form. Prescription medication must be in the original, pharmacy container. Students are permitted to carry a prescription inhaler, EpiPen, insulin or other approved medication during the school day, on field trips or other school-related activities if parent permission is provided in advance on the district-approved form. All non-prescription medication must be in the original, labeled container or package.

LOCKERS

Lockers are available for student convenience for $5.00 per year. For security and liability reasons students cannot share lockers with another student. Students should report any problem with their locker to the main office. School authorities may conduct periodic general inspections of lockers at any time without notice, without student consent, and without a search warrant. Searches of specific lockers or locker areas may be conducted as needed. Searches may include the use of drug dogs and are conducted as needed or randomly throughout the school year.

MEDIA CENTER

Students are encouraged to use the Media Center resources for the purpose of study, research, and recreational reading. Computer databases are available for curriculum related assignments including research, word processing, and creating presentations. The Internet is available exclusively for school assignments. Students who wish to use the Internet must have an Internet Permission Form on file in the Media Center.

Rules –

**Lost Items** - Replacement cost is charged for lost items.

**Damaged Items** - Students are responsible for any items checked out to them. Fees for damage will be assessed in proportion to the damage. The media specialist will determine the fee.

Any item taken out of the Media Center, must first go through the check-out procedure.

**PERSONAL PROPERTY AT SCHOOL**

Students are responsible for their own property, including textbooks, clothes, book bags, band instruments, electronic devices, and other articles of value. All personal property should be labeled and locked in student lockers or kept with students at all times. The school is not responsible for lost or stolen property. A Lost & Found is located in the Main Office but unclaimed items are donated to charity at the end of the school year. Textbooks that are damaged or not returned must be paid for by the student to whom they were issued. Please do not bring valuable items or large amounts of cash to school.

**STUDENT DISCIPLINE**

The DCHS Administrative team has developed consistent discipline policies for the 2018-2019 school year. It is the belief of the leadership at DCHS that the main goal is to provide a safe and orderly learning environment so teachers can teach, but mainly so students can learn. The administrative staff will use the DCSS Discipline policy as a guide as students are given punishments.

Textbooks & Other School Property
Textbooks and other materials are supplied by the county school system and are paid for by tax dollars. They are issued to students as borrowed property; consequently, students will be held responsible for damage and/or loss of books issued to them. After the year ends, collection is handled by the Bookkeeper's office. If a lost book is found during the current school year, a refund will be made to the parent. Other school property such as uniforms and athletic equipment must be turned in at the end of a season to the appropriate coach or sponsor. Charges for damages or loss will be assessed in the same manner as for textbooks.
Section II consists of selected Douglas County School System Policies and Procedures that directly affect high school students and their parents or guardians. In some cases, the policies and procedures have been condensed. Policies and Procedures are subject to change throughout the school year. A current copy of these policies is available in the main office of each high school or on the Douglas County web site at www.douglas.k12.ga.us. In that case, the most current policy would apply. Parents and students are invited to contact school administrators or counselors for additional information.

Cases of complicated pregnancy will be approved only with a statement from a licensed medical physician (1) certifying that school attendance would endanger the life of the mother or the child, and (2) specifying the projected length of time this danger would exist. The student is considered present each day if seen by the visiting instructor for the minimum number of hours per week.

**WITHDRAWING FROM SCHOOL**

When a student desires to withdraw from school, he/she must have the written permission of his/her parents or guardian if under the age of eighteen prior to withdrawing. Prior to accepting such permission, a school administrator shall make a reasonable attempt to have a conference with the student and parent/legal guardian within two school days of receiving notice of the intent of the student to withdraw. Emergency personnel will be called in emergency situations. Students may not be sent home without parental approval and no student may drive when excused for medical reasons unless parental consent has been given. The parent or guardian is responsible for payment of emergency transportation costs.

SCHOOL HEALTH SERVICES

Each school will be provided with a designated employee (who is not a licensed nurse) to serve as School Health Monitor. School Health Monitors will report to the school principal and will be provided training, guidance, and supervision by the Registered Nurse who serves as the Health Services Coordinator for that school.

EMERGENCY CONTACT INFORMATION

In order for the school to know and comply with the wishes of parents, emergency contact information must be filled out for each student and returned to the office for use in emergency situations. This information must be updated annually and whenever changes in contact information occur. When you receive a Student Contact Form, please update it and return it to the school within five (5) days. Current, accurate information will enable the school to contact you in the event of an emergency. It is the parent/guardian(s) responsibility to keep the emergency card current. At least one local phone contact in addition to the parent/guardian must be listed to insure the safety of your child. If any information changes during the school year, contact the school immediately.

ILLNESS/INJURY TREATMENT INFORMATION

In case of illness/injury, the designated School Health Monitor or other appropriate school personnel will render care as directed by the School Health Resource Manual while attempting to contact the parent. If neither the parent nor the emergency designee can be reached and the situation is very serious, the school shall telephone the Emergency Medical Services (911) for immediate transportation to the nearest Emergency Treatment Facility. Whenever possible, the parent's hospital preference will be observed. Fees for transportation and medical services will be the responsibility of the parent/guardian.

In the event a student's illness is not deemed an emergency, but signs/symptoms of an illness and/or fever are present. The parent/guardian will be contacted and requested to pick up the student from school. If the parent cannot be reached, the emergency designee will be contacted. In the event, no designated adult can be reached, or the parent refuses to pick up the student, the principal retains the right to contact appropriate law enforcement and/or Department of Family and Children's Services (DFACS) personnel to assume responsibility for the student.

ACCIDENTS AND INSURANCE

The school is responsible only for immediate first aid. The Board of Education does not pay any medical or hospital bill incurred as a result of accident to the student at school. The parent or guardian is responsible for the payment of such bills.

We urge you to make use of the protection afforded through school insurance. You will be given information regarding various insurance plans during the first week of school. Athletes are urged to make sure adequate insurance is obtained.

In case of accident, no matter how minor, the student should report the accident to the teacher immediately. In the case of severe accidents or acute illness, emergency care will be given and the parents will be notified.

SCHOOL HEALTH RECORDS

Parents/guardians should complete a health information form at the beginning of the school year or upon registration. This form includes:
• All emergency contact information (including cell phones and pagers)
• Pertinent health history
• Primary care providers and insurance information
• Medications taken at home and school
• Allergies
• To whom child may be released

When completing the health information form, please remember this form provides us with valuable information should your student become ill and/or injured at school. This form is NOT intended to be a substitute for directly communicating school day medical needs with school personnel. If your child has a medical condition that may possibly require modifications or staff training (diabetes, seizures, asthma, etc.), please contact your School Health Monitor to arrange an appointment with the appropriate Health Services Coordinator/Registered Nurse. Please remember a Registered Nurse is not always immediately available in the school.

**MEDICATION**

Whenever possible medication should be given outside school hours. This will help reduce time out of classroom instruction and also insure compliance. If it becomes necessary for a student to take any form of medication at school, the following procedures must be followed:

1. An Authorization for Assistance with Medication form must be filled out for each medication annually.
2. ALL medication, including over the counter drugs and emergency medications, must be provided by the parent/guardian and brought to the office upon arrival at school.
3. All **prescription medication** must be in an **appropriately labeled container** and **OTC medication** must be in the **original container**.
4. All medications will be administered in the presence of an adult.
5. The Authorization to Carry Medication Form must be completed annually and signed by all parties before a student will be allowed to carry any medication with them at school.
6. Any medication (labeled or unlabeled) found in the possession of a student without the appropriate form will result in serious consequences for that student.

**INSURANCE**

The Douglas County Board of Education offers parents the opportunity to purchase accident insurance. Information on the plans available and the premiums will be provided at the beginning of the school year.

**CARE OF SCHOOL PROPERTY**

Students are responsible for proper care of all books, supplies, and furniture supplied by the school. Students who disfigure property, break windows, or do other damage to school property or equipment will be required to pay for the damage done or replace the item and/or receive additional disciplinary action. Legal action will be taken if necessary.

**SCHOOL NUTRITION**

Students are encouraged to participate in the school nutrition programs. Today, students are encouraged to participate in the school nutrition programs. Today, students are offered a variety of healthy, tasty and appealing choices which include fresh fruits and vegetables, fresh salads, whole grains and baked rather than fried items. All school meals are nutritionally balanced and meet one-third of the Recommended Daily Allowances for important nutrients for lunch and one-fourth of the RDA’s for breakfast. Menus are planned by a registered dietitian and are low in fat and saturated fat. School meals help kids maintain a healthy weight and do better in school. School meals are offered to all students at a reasonable price. You may apply for free/reduced meals using a family application obtained from your child’s school or by going to [www.schoolcafe.com](http://www.schoolcafe.com). Families are required to complete a school lunch application every year on School Café.
Students are encouraged to pay for their meals in advance. Families may pay their cafeteria directly with cash or checks. Checks should include the student's first and last name and lunch ID number. You may also use www.schoolcafe.com to pre-pay online. You can set up an account by using a credit card and can personalize your account to notify you when your child's balance is running low. A small service fee will apply for pre-paying online, and a minimum payment is required.

All students must go to the cafeteria during their assigned lunch period. Your child can assist the cafeteria staff by:

1. Depositing all lunch litter in proper receptacles.
2. Returning all trays and utensils to the dishwashing area.
3. Leaving the tables and floors in clean conditions.
4. Not taking food from the cafeteria to other parts of campus.
5. Not breaking in line.
6. Not leaving the cafeteria without permission. Permission must be granted by the administrator or teacher on duty.

CHARGE POLICY AND NSF POLICY
Douglas County School Food Service will continue to monitor the approved student charging limits which states:

- High school students and adults are not allowed to charge
- Elementary and middle school students may accumulate a maximum in charges to equal the price of two full pay student lunches. This charge limit includes any charges for breakfast and lunch. Ala carte items may not be purchased if a child owes charges. After the charge limit is reached, a student will be offered a supplemental meal which consists of a sandwich and a beverage. No supplemental meal is served at breakfast. This regulation is to ensure that a child will not go hungry while potential losses of school food service funds will be limited.

If we receive two NSF checks for a student and/or siblings, we will no longer accept any checks for the student and/or siblings for the duration of their attendance in Douglas County Schools.

Coaches make selections for participation based on the criteria for each activity. Participation is a privilege, not a property right.

It is the policy of the Douglas County Board of Education to prohibit discrimination based on gender in its secondary school athletic programs.

The equity in sports grievance procedure provides for prompt and equitable resolution of written student complaints, including those brought by a parent or guardian on behalf of his or her minor child who is a student, alleging any action, which would be a violation of the pertinent state law.

FIELD TRIPS

The regular instructional programs of the school are enriched by occasional field trips during the regularly scheduled school day. Other field trips may be after school hours and on weekends (class field trips, athletic teams, band groups, and clubs traveling to and from competitions, etc.). Parent permission is required for participation. The school system must approve all field trips.

Code of Conduct for Field Trips: Students who are on a field trip as designated above must adhere to the Douglas County Code of Conduct.

The number of days/classes that a student may be out for student activities such as field trips is limited to

**TELEPHONES**

Any arrangements or preparation for after-school activities should be made prior to leaving home each morning. The office telephone is for school business and may be used by students only in cases of emergency with the permission of the administration.

A student violating this policy will be subject to disciplinary action (see Discipline Code). Except when special circumstances occur, students are not to return to campus after leaving for the day.

**VISITORS**

Students may not bring or have visitors come to any Douglas County school campus. No exceptions will be made. People who have business at the school must go to the office to conduct that business. Trespassers will be prosecuted.

**PARENT CONFERENCES**

We welcome the opportunity to discuss school matters with parents. Please feel free to call your child’s teacher, the counselor, or an administrator to set up a conference. We encourage parents to be involved in the educational process of their children.

**OBSERVATIONS/VISITATION GUIDELINES**

**HIGH SCHOOLS**

A. Douglas County high schools value the concept of parents as partners in education. Parent and community support and assistance are vital in all facets of the school program.

B. Parents and community members are especially welcome to observe students in the academic setting through special activities and events taking place in the schools. Examples are: musical and dramatic presentations, art displays, Business Back to School Day, athletic events, and awards ceremonies. Parents participate directly in the instructional program through PTSO, volunteer work, field trips, school advisory committees, and individual parent/teacher conferences.

C. Classroom Observation – Parents may wish to set up individual classroom or school visitations. Principals should use the following guidelines in setting up parent visitations.

1. The parent should:
a. Make the request to the principal at least 24 hours prior to the proposed visit.
b. State the purpose of the visit.
c. Sign in at the office, receive a visitor’s pass (badge), and be escorted to the
classroom.
d. Stay no longer than one class period.
e. Classroom visitations are not a time for teacher-parent conference. Parents
should not expect teachers to conference with them at these times. Refrain
from engaging the attention of teacher or students through conversation or
other means.
f. Remain as inconspicuous to the instructional process as possible
g. Return to the office at the end of the visit to check out and return the pass
(badge).

2. The principal or his/her designee should:
   a. Arrange the time and date of the observation with the teacher.
   b. Inform the parent of the arrangements.
   c. Escort the parent to the classroom.
   d. Parent(s) of only one student should be scheduled to observe at a given
time.

3. For the safety of students, no unauthorized persons are allowed in the building without
administrative approval. Students who are not enrolled in the school are not allowed to visit during
the school day due to unnecessary classroom interruptions, which are detrimental to the learning
process.

4. Visitors are under the supervision of the administration while on campus. Any questions or
concerns regarding your visit should be referred to the administration.

5. Exceptions to any of these guidelines must have prior approval of the principal.

DETERMINATION OF VALEDICTORIAN AND SALUTATORIAN

DEFINITION AND REQUIREMENTS

1. The student with the highest class ranking, as determined by the Valedictorian Formula, shall be recognized as Valedictorian. The student with the second highest ranking, using the Valedictorian Formula, shall be recognized as the Salutatorian.

2. The Valedictorian and Salutatorian will be determined by using the following formula.

Step 1:
The numerical grades in core courses (English, mathematics, science, social studies, and foreign language) will be totaled. The resulting sum will be divided by the number of core courses taken. The resulting number will be the cumulative numerical average in core courses. This number will be rounded to the third decimal place. The cumulative numerical average in core courses will be multiplied by ten.

Step 2:
Each Advanced Placement (AP), Honors, Preparatory International Baccalaureate (PIB), International Baccalaureate (IB), and Dual Enrollment (DE) core courses taken fall 1999 and thereafter will be multiplied by five for each unit of credit with a maximum of 20 credits. If a student has more than 20 credits, the ones with the highest numerical grades will be used.

**Step 3:**
The product(s) from step two will be added to the figure from step one. The resulting total will be used to determine Valedictorian and Salutatorian.

3. Students must have attended and earned the maximum unit of credit in a public high school in the Douglas County School System for a minimum of two school years.

4. Students must be enrolled in a high school in Douglas County School System for a minimum of two full years (including the senior year at the school of graduation) to be named Valedictorian or Salutatorian. Transfer credit used for calculation of cumulative numerical averages for determination of class ranking for Valedictorian and/or Salutatorian shall be accepted:
   a. Only from high schools accredited by AdvancED (or agency recognized as a regional accrediting agency by AdvancED).
   b. Must be earned in grades 9 thru 12.

5. Postsecondary course grades for second semester must be issued and received by the high school no later than the grades of other high school seniors.

**CRITERION FOR BREAKING TIES FOR VALEDICTORIAN AND SALUTATORIAN**

In case of a tie for Valedictorian and/or Salutatorian, scores on the SAT and/or ACT will be used to break the tie. If ties cannot be broken by this means, the principal of the school will select a committee to determine Valedictorian and/or Salutatorian.

**PUBLIC RECOGNITION**

The Valedictorian and Salutatorian shall not be publicly recognized until the graduation ceremony of the respective high schools.

**CLASS RANK**

Class rank shall be determined by the cumulative 4.0 average in all courses taken.

**CLASS RANK FOR REPORTING TO POST-SECONDARY INSTITUTIONS**

A cumulative grade point average will be determined by using a four-point scale for all grades earned. The scale is: A=4, B=3, C=2, D=1, F=0.

Numeric grades are converted to the four-point scale, totaled, and divided by the total number of courses taken. The resulting number is to be rounded to the third decimal place.

**HONORS AND SCHOLARSHIPS**

**SUPERINTENDENT’S SCHOLAR PROGRAM**

The Superintendent’s Scholar Program promotes academic excellence. Students are encouraged to enroll in challenging courses and demonstrate above average performance in these courses.

THE STUDENT SUCCESS CENTER

The Student Success Center encompasses three alternative education programs for Douglas County School students, the Performance Learning Center, the Virtual Academy, and the middle and high school alternative programs. The Douglas County Student Success Center is located at the Educational Annex East, 2300 Shoals School Road, Douglasville, Georgia 30135.

The Performance Learning Center (PLC) is a non-traditional high school program. The PLC creates a businesslike environment where students complete assignments using online, computer base curriculum with the assistance of learning facilitators. The PLC is a small school model and will serve approximately 90 students. Students earn credits toward diploma requirements and graduation in a manner similar to that followed at the regular high school.

The PLC will strive to...
- Allow students to work at their own pace using online, computer-based curriculum
- Employ a caring, highly trained staff to help students achieve their social and academic goals
- Provide students with college dual enrollment opportunities
- Challenge students to develop marketable skills in preparation for college and/or the workplace

The Douglas County Virtual Academy (DCVA) is a choice program for Douglas County students. The DCVA is not a separate school, but a program to support the learning of Douglas County students in an online capacity. The application process begins with the base high school counselor. Once students are accepted, they will be contacted by the program coordinator for an orientation that will provide valuable information about the program and expectations, prior to official enrollment.

The Advantage Academy is a program designed to meet the needs to the students who have been removed from the traditional setting due to disciplinary infractions. The program is a blended model of online learning and traditional instructional practices. Students will transition back to their home based school once they have completed their assigned time.

CAREER, TECHNICAL, AGRICULTURAL EDUCATION

CTAE is a program designed to increase cooperative and coordinated efforts between secondary schools and postsecondary institutions by providing a continuous academic and technical program between the high school and postsecondary levels. This program coordinates the high school program of study with the first two years of a technical program at a participating postsecondary institution or apprenticeship program. Benefits for the students include a seamless transition from high school to postsecondary education and an assurance that there is no meaningless repetition of learning.

CTAE prepares students for highly skilled technical occupations and allows either direct entry into the workplace after high school graduation or continuation of study, which leads to a two-year associate degree. Some students may choose to complete work beyond the associate degree once they become employed in their chosen fields.

The Douglas County School System has articulation agreements in place with area postsecondary schools. These agreements allow students to receive credit at the postsecondary level for courses they complete in their high school program of study. Please contact a counselor for more information.

HOPE GRANT

Helping Outstanding Pupils Educationally (HOPE) is Georgia’s unique scholarship program that rewards students’ hard work with financial assistance in degree, diploma, or certificate programs at any eligible Georgia public or private college, university, or technical institution. Please contact a counselor for additional information.

STUDENT SERVICES

Student Services consists of counselors, school psychologists, and school social workers. Their services provide opportunities to:

> Help students recognize their aptitudes and potential through the use of test results, school performance and extra-curricular activities.

> Help students plan and select careers and secondary training wisely by making available a variety of career and scholarship information.

> Help students understand themselves and others, adjust to school and learn how to solve problems by providing opportunities for group and individual guidance.

> Help students select courses that meet their needs for graduation, further education, and/or future careers.

> Assist teachers and parents in helping students work through learning difficulties and personal or social concerns.

The high school counseling program includes personal and group counseling, career counseling, credit verification, course planning, interpretation of test results, consultation with parents and teachers, group work, and classroom guidance. Counselors may also prepare newsletters to keep students informed of pertinent information.

A student advisory system has been implemented at the high school level that accents the individual-personal relationship of the advisor and student. Students interact with at least one significant adult in the school and are being guided in course selections and involved in discussions concerning school programs.

Counselors coordinate and/or facilitate the testing programs, STAR student program, individual advisement system, scholarship and financial aid programs, the homebound program, and posting of grades.

The high school counseling program assists teachers in understanding students and provides students with information on available school and community resources. The counseling department strives to
help each student assess his/her ability and achievement and make decisions suitable to his/her life style.

**GIFTED PROGRAM**

The Douglas County Board of Education recognizes the need to provide appropriate services for students who demonstrate a high degree of intellectual, creative and/or artistic abilities, possess exceptional leadership skills, or excel in specific academic fields. It is the intent of the Board that these students receive special instruction and/or ancillary services necessary for the students to achieve at levels commensurate with their abilities.

Elementary school gifted programs include services through contracts, facilitators, interest centers, resource rooms, collaboration, and accelerated math, while middle school program services include contracts, facilitators, interest seminars, learning centers, resource rooms, compacting, advanced content, telecommunications, and mentoring. Douglas County high school students participate in gifted classes in academic disciplines, advanced placement classes, and joint enrollment with colleges.

Eligibility for the gifted program is based on multiple criteria. These criteria should aid systems in identifying students who may not have qualified under previous criteria. To qualify for gifted services, students must meet three (3) of the following four (4) criteria: mental ability, achievement, creativity, and motivation. At least one of the four criteria must be met by a score on a nationally normed test. Douglas County School System has developed regulations and administrative procedures which address the multiple criteria.

Referral for consideration for gifted educational services may be made by teachers, counselors, administrators, parents or guardians, peers, self, and/or other individuals with knowledge of the student’s abilities. To expedite eligibility procedures, individual schools have established Eligibility Teams for the gifted to review applicants and select candidates for the program. The Eligibility Team consists of at least one administrator or counselor, at least one regular education teacher, and at least one gifted teacher and meets twice a year to screen referrals. For additional information concerning the gifted program or to refer a student to the gifted program, please contact the school’s Eligibility Team.

**SELECTIVE SERVICE REGISTRATION OF 18-YEAR-OLD-MALES**

Failure to register could have an impact on a young man’s future. In Georgia, men who are not registered also lose their rights to state student aid, which includes the HOPE scholarship. Currently, registrars have been appointed in 89 percent of Georgia high schools thus making it convenient for young men to register at school. It is now possible for young men to register on the Internet at www.sss.gov.

**ABSENCES AND EXCUSES**

**DESCRIPTION CODE: JBD-R(1)**

In order to receive maximum benefit from the instructional activities, students are expected to be in school each day unless excused for legitimate reasons. Good attendance habits positively impact the learning process and carry over into the world of work. While teachers and administrators are charged with the responsibility of providing worthwhile daily activities for students, the student and their parents must assume responsibility for being punctual and regular in attendance. It is the position of the Douglas County Board of Education that every day at school is important and that no student ever be absent except for extraordinary reasons. To emphasize the importance of good attendance, and to provide consistency throughout the school system, the following guidelines will be used.

**ATTENDANCE RULES**

1. Absences will be classified as excused or unexcused.

   Excused absences are those due to emergencies such as:

   - A. Personal illness or attendance in school endangers a student's health or the health of others.

   - C. A court order or an order by a governmental agency, including preinduction physical examinations for service in the armed forces, mandating absence from school.
   - D. Observing religious holidays, necessitating absence from school.
   - E. Conditions rendering attendance impossible or hazardous to student health or safety.

3. A high school student must be enrolled in each course a minimum of 130 clock hours per semester (including days transferred from other schools) to receive Carnegie unit credit for the course. A student must be present every day except those determined to be excused absences. A clock hour is defined as 60 minutes of instructional time.

The principal will resolve any question in determining whether an absence is excused or unexcused.

In order to participate in an extracurricular or after school activity, a student must be in attendance on the school day of the activity.

6. Any parent, guardian, or other person having control or charge of any child or children between the ages of six and sixteen shall send such child or children to school. On the sixth unexcused absence a violation of this code (O.C.G.A. 20-2-690.1) will result in said person being guilty of a misdemeanor. Upon conviction thereof, shall be subject to a fine of not less than $25.00 nor greater than $100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties.

Two reasonable attempts to notify the parent/guardian will be made by the school on the fifth unexcused absence. If no response is achieved the school shall send a notice by certified mail, return receipt requested. Each day’s absence from school after notification on the fifth unexcused absence shall constitute a separate offense.

7. Student parking at Douglas County School System high schools is a privilege provided for high school students who purchase a parking decal. High school administrators may suspend a student’s parking privilege for the remainder of the semester for leaving campus without authorization, for truancy, or for having six unexcused tardies to school. The suspension of parking privileges will extend for at least forty-five (45) days. If a semester has less than forty-five (45) days remaining when the suspension occurs, the balance will be served at the beginning of the next semester or school year. There will be no refund for the cost of the parking permit. At the conclusion of the suspension of parking privileges, the student may reapply and purchase a parking decal if parking space is available.
Douglas County School System Guidelines for Addressing Absenteeism

Absences will be followed up by school personnel in the following order:

When a student is absent:

- The Teacher will check for a parent excuse.
- The Teacher will give all excuses to the Attendance Clerk each morning by 9:00 a.m.
- Teacher(s) will assign makeup work and set a reasonable timeline for return of work.

After five unexcused absences:

- The School will make two attempts to contact the parent by phone/and or email. In addition, the Excessive Unexcused Absences letter #1 will be mailed or emailed to inform the parents of the student’s unexcused absences.

- However, if the student is in school, the student will be called in the office during these attempts and a “conference of record” will occur. This conference can replace mailing notice if the parent is reached by phone or is present. A copy of the student’s attendance report and the Excessive Unexcused Absences letter#1 will be given to the student to take home to assist the parent in correction of the record. (The conference of record will be recorded on a copy of the same attendance report and any notes of discussion with the parent/student. Also include signatures of all parties present.)

- If these steps fail to contact the parent then Certified Mail - return receipt the Excessive Unexcused Absences letter #1 and the attendance report.

Upon the seventh unexcused absences:

- The School will ensure that the unexcused absences are verified.

- The School will send Excessive Unexcused Absences letter #2 via first class mail or email to inform the parents of the student’s unexcused absences. A copy of the current Douglas County Attendance Policy will be sent with the letter as well.

- However, if the student is in school, the student will be called in the office during these attempts and a “conference of record” will occur. This conference can replace mailing notice if the parent is reached by phone or is present. **STUDENT DISCIPLINE**

**DESCRIPTIVE CODE: JCDA**

It is the policy of the Douglas County Board of Education that each school within this school district shall implement age-appropriate student codes of conduct designed to improve the student learning environment and which will comply with state law and State Board of Education Rules. Each code of conduct shall include the following, at a minimum:

1. Standards of student behavior during school hours, at school related functions, on school buses and at school bus stops designed to create the expectation that students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. The standards should be designed also to encourage students to respect each other and school district employees, to motivate students to obey student behavior policies adopted by this Board and to obey student behavior rules established at each school within this school district;

2. Behavior support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;

3. Progressive discipline processes designed to create the expectation that the degree of discipline imposed by each school will be in proportion to the severity of the behavior of a particular student, the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;

4. Parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to
communicate freely their concerns about student behaviors that detract from the learning environment.

5. All other specific requirements as set forth in any existing State Board of Education Rule or in Georgia law.

Each school shall involve parents in developing and updating student codes of conduct. Each code shall require disciplinary action for each infraction of the code.

The student code of conduct shall be distributed to each student and the student's parents or guardians during the first week of school and upon enrollment of each new student. The parents shall be requested to sign an acknowledgment of the receipt of the code of conduct and return promptly the acknowledgment to the school.

TEACHER REPORTING REQUIREMENT

It is the policy of the Board of Education that the Superintendent shall fully support the authority of principals and teachers to remove a student from the classroom pursuant to Georgia law as cited in 20-2-738 and 20-2-751.5(d).

A teacher shall have the authority, consistent with Board policy, to manage his or her classroom, discipline students, and refer a student to the principals or his designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his/her class or with the ability of each student's classmates to learn shall file a report of such behavior with the principal or his designee. The principal and teacher shall thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A. 20-2-737-738.

The Superintendent and/or his designee shall ensure that procedures are disseminated as necessary for implementation of this policy and applicable state laws.

STUDENT DISCIPLINE

DESCRIPTIVE CODE: JCDA-R(3)

MIDDLE SCHOOL AND HIGH SCHOOL

DISCIPLINE CODE (CODE OF CONDUCT)

The Discipline Code serves as a guide for school administrators dealing with discipline offenses. It is not intended to be an exhaustive list of every possible offense. Furthermore, every possible offense cannot be defined. The Principal of the school has the authority to make disciplinary and other decisions based on the best interests of the students and the school.

ALL VIOLATIONS OF LAW SHALL BE REFERRED TO THE PROPER LAW ENFORCEMENT AGENCIES BY THE SCHOOL ADMINISTRATORS IN ADDITION TO SCHOOL CONSEQUENCES.

STUDENTS AND CRIMINAL CHARGES

Parents and guardians are encouraged to inform their children that certain acts of misconduct could result in legal charges. Please explain to your student(s) that for certain acts of underage sexual conduct and other crimes, a minor may be tried as an adult.

It is the responsibility of the student and the student's parents/guardians to demonstrate behavior that is appropriate at all times. Parents will be contacted when any major offense occurs. It is the policy of this state that it is preferable to assign disruptive students to alternative educational settings rather than to suspend such students from school. A teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student’s behavior is in violation of the student code of conduct, provided that the teacher has previously filed a report or determines that such behavior of the student poses an immediate threat to the safety of the student’s classmates or the teacher. (Board Policy JD) The parent will be required to attend a conference and develop a behavioral intervention plan.

IMPORTANT INFORMATION ABOUT THE DISCIPLINE CODE

1. Students under short-term suspension must make-up any academic work missed during the suspension to receive credit. It will be the responsibility of the student to request make-up work. Students under suspension or expulsion are not allowed on any Douglas County School System campus

Students vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Cell phones/multi-media/electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities that occur outside normal school hours or off the school campus at the discretion of administrators.
4. Students should be aware that any adult employee of the Douglas County Board of Education has the authority to ask for a student's identity or to see other appropriate information. Board of Education employees have the authority to give a student reasonable instructions and to expect that those instructions be carried out. Refusal to identify oneself or to carry out reasonable instructions will result in serious disciplinary action.
5. Student disciplinary records are maintained separately, however Georgia Law requires the transfer of those records for grades 6-12 to another Georgia school district.
6. These regulations apply to students: (a) who are on the school grounds during, immediately before, or immediately after school; (b) who are on the grounds at any other time that the school is being used by a school group; (c) who are off the school grounds at a school activity, school function, or event; (d) who are en route to or from any school functions; (e) who create electronic communication(s) which present a potential danger to persons or property at the school or which disrupts the educational process; or are otherwise subject to jurisdiction of school authorities.

DISCIPLINE OF STUDENTS WITH DISABILITIES
Discipline of students with disabilities requires certain considerations because behavior may be related to the disability. Following are general guidelines:

1. Determine which students have been identified as disabled and review their IEPs or Section 504 Plan at the start of the semester before there are discipline problems.
2. An IEP or Section 504 Plan may include a Behavior Intervention Plan that specifies how certain behaviors are to be handled. This plan should be followed in all school settings - regular or special.
3. Students whose IEPs or Section 504 Plan do not address behavior or discipline should be treated like non-disabled students with common sense consideration of the disability (see * below).
4. Classroom teachers should work closely with special education teachers and the Student Support Team to determine appropriate methods of discipline.

* In all cases, however, a student with a disability may not be suspended from school (including ISS - if the student does not receive the specified special education services) for more than a cumulative total of 10 days per school year. When the total number of suspension days nears 10 or a significantly disruptive behavior occurs, the following procedure should be followed:

1. The Director/Assistant Director (or designee) of Special Education should be notified to assure that all due process procedures are followed.
2. The IEP committee will carefully review the IEP and current placement to determine if the behavior is related to the disability and if change should be made in the IEP.
3. For Section 504 students, the SST will review the 504 Plan and determine if the behavior is related to the disability.

2. All students are under the jurisdiction of the driver while aboard each bus.
3. The driver is responsible for seating arrangements on each bus.

8. Smoking, chewing gum, eating, or drinking on the bus is not permitted.
9. It is the responsibility of the driver and each rider to help keep the bus clean.
10. The use of profanity on the bus will not be allowed.
11. Students will be picked up and delivered at their regular designated site each day. Written requests from the parent or guardian will be filed with the principal if it becomes necessary for a student to depart a bus other than at his/her regular stop. The principal will authorize the driver to make such a stop. Exceptions may be made if a safety hazard is involved.
12. Buses are provided for transporting students: therefore, large objects such as boxes, recreation equipment, large band instruments, etc., should not be on a bus.
13. Students must refrain from inappropriate display of affection.
14. Assignments to specific buses will be made by school authorities.

Contract provisions must provide for appropriate progressive discipline and may include assigned seating, ongoing parental involvement and suspension from riding the bus. School bus contracts can be used for other infractions as well.

No refund will be made for any reason, including when a student withdraws from school or when a student's parking privileges are revoked. Permits are in the form of a numbered decal and must be attached to the windshield of the vehicle as directed by school officials.
3) DCSS (Douglas County School System) retains authority to conduct routine patrols of student parking lots and inspections of student automobiles on school property. Automobiles will be searched if there is reasonable suspicion to believe illegal or unauthorized materials are contained inside the vehicle. Such inspections may be conducted without notice, without student consent, and without a search warrant.
4) A student's parking privilege will be revoked when his/her license is suspended. Students and/or their parent(s) or legal guardian(s) must notify school administrators immediately when the license is suspended.
5) DCSS shall not be responsible for the losses or damages to the property of users of its facilities, including loss due to bodily injury.
6) Parking and traffic violations on campus shall be subject to one or more of the following disciplines:
   a) Temporary suspension of parking on campus
   b) Permanent suspension of parking on campus
   c) Impounding of vehicle per County Ordinance
   d) In-School Suspension
   e) Out-Of-School Suspension
   f) Detention
   g) Other at the discretion of the school administrator
7) Any student who applies for a parking permit and intends to park a vehicle on school grounds of the DCSS is subject to random drug testing. Students understand that submission to testing for the presence of drugs and alcohol is a condition of participation in privileged activities in the DCSS. Students further understand that refusal to take the test, failure to report for the test, or if the test establishes a violation of the drug testing policy, the student will be subject to consequences as set forth by the drug testing policy. By signing and dating this parking application form, we consent to the administration of drug tests and to the conditions listed in this consent and the accompanying general prohibitions and procedures as outlined in Policy JCDAC, JCDAC-R(1), JCDAC-E(1).

We have read and understand the above Douglas County School System Student Parking Rules and Regulations and agree to abide accordingly and herewith apply for a permit to park on campus at ___________________________ High School.

REQUESTING INFORMATION FOR OBTAINING A DRIVER’S LICENSE

Issuance of a Georgia Driver’s License requires successful completion of the Alcohol and Drug Awareness program (ADAP). ADAP cards are issued by the school after the student successfully completes the instructional program. The ADAP card must be presented by the student when applying for a license. When applying for a Learner’s Permit, an original Birth Certificate is necessary. Students should contact a counselor or administrator for information on when and where the ADAP program is offered.

If any information is needed from the Records Office, contact the records clerk at least 48 hours in advance of the day the information is needed. We cannot guarantee that the documents needed, will be ready if less than 48 hours notice is given.

TEENAGE DRIVER RESPONSIBILITY ACT

The bill would impose certain reporting and record availability requirements on private schools, home schools, and public schools in the state.

Code Section 20-2-320(g) requires the State Department of Education to provide to the Department of Public Safety enrollment, attendance, and suspension information regarding minors 15 through 17 years of age reported by private, home, and public schools through requirements established by Code Sections 20-2-690 and 20-2-697.

An amendment to Code Section 20-2-690 requires private schools to include in their report to local school superintendents at the end of each month an indication by name of student if attendance has been suspended and the reason for such suspension. Such reports shall be available to the Department of Public Safety as they determine eligibility for driver’s license.

Attendance reports of students enrolled in home study programs which are submitted monthly to local superintendents and records kept by the home study program shall be available for verification of attendance by the Department of Public Safety as they determine eligibility for driver’s license.

Code Section 20-2-697 is amended to provide that attendance records kept by public schools may be accessed by the Department of Public Safety for verification of attendance to determine eligibility for driver’s license.

Code Section 40-5-22 is amended by providing that the Department of Public Safety shall not issue an instruction permit or driver’s license to a person who is younger than 18 years of age unless at the time the applicant presents proof of a high school diploma, a GED diploma, or a certificate of high school completion or the records indicate that the applicant is enrolled in a public or private school or a home study program, or has terminated his or her secondary education and is enrolled in a postsecondary school pursuing a general educational development (GED) diploma.

The license suspension shall be revoked at age 18 or earlier if the licensee provides evidence that he or she has resumed regular studies as determined by the State Department of Education.

The State Board of Education and The Board of Public Safety are authorized to promulgate rules and regulations to implement the provisions of this subsection.

SB 100 Update

Please note that SB 100, signed into law on April 16, 2015, makes significant changes to the Teenage and Adult Driver Responsibility Act by eliminating the requirement for schools to submit noncompliance data for students with excessive unexcused absences and certain discipline infractions. Effective July 1, 2015, schools will simply have to certify that a student is enrolled in and not under expulsion from a public or private school to be eligible for a driver’s license or learner’s permit. Beginning on July 1, 2015, schools will use the new Certificate of School Enrollment form (located below) to certify that a student
is eligible for a driver's license or learner's permit. The Certificate of School Enrollment form will replace the Certificate of Attendance form and the Certificate of Eligibility for Restoration of Driving Privileges form.

CONFISCATED ITEMS

When students bring items to school that violate school rules, those items will be confiscated and kept in the office until picked up by the parent or guardian. Confiscated items must be claimed not later than two (2) weeks after the end of the semester. Unclaimed items will be discarded. Neither the school nor the school system are responsible for the security of confiscated items.

INTERROGATIONS AND SEARCHES BY SCHOOL OFFICIALS

Interrogations

The principal of each school, and his/her authorized representatives, have the authority to conduct reasonable interrogations of students in order to properly investigate charges of student misconduct.

Searches and Seizure

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers, or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action.

All searches by school employees shall be reasonably related to the objectives of the search and not excessively intrusive in light of the student's age and gender and the nature of the infraction.

Personal Searches

A student's person and/or personal effects (e.g., purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials or contraband. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness present.

Locker Searches

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. Periodic general inspections of lockers may be conducted by school authorities for any reason, at any time without notice, without student consent, and without a search warrant.

Seizure of Illegal Materials

In the event search of a student's person, his/her personal possessions, vehicle, or locker reveals the student is concealing material, the possession of which is prohibited by federal, state, or local law, such findings shall be turned over to the proper legal authorities so that they may take appropriate action, in addition to any action taken by the school or school district.

School Property

Student lockers, desks, and other such property are owned by the school. The school exercises exclusive control over school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks and lockers issued to them by the school.
Suggested Procedures

If a school official has reasonable cause to believe that contraband is present, he or she may institute a search. Although the following procedures for a search are suggested, they are not mandated because the circumstances attendant to the need for each search may vary. The student should ordinarily be required to be present and asked to consent to the search. If after being informed of the basis for the school official's reason to search, the student does not consent, the school official may proceed with the search, contact security, or, if necessary, call law enforcement authorities. Ordinarily, and if circumstances permit, the search of a person or his or her effects should be conducted out of the presence of other students.

Use of Canines

The Administration is authorized to utilize canines whose reliability and accuracy for sniffing out contraband has been established to aid in the search for contraband in school owned property and automobiles parked on school property. The canines must be accompanied by a qualified and authorized trainer who will be responsible for the dog's actions. An indication by the dog that contraband is present on school property or an automobile shall be reasonable cause for a further search by school officials.

Use of Metal Detectors (Magnetometers)

Weapons of any nature on school property or at school functions are prohibited by school policy and state law. The presence of weapons is inherently dangerous to all persons in the school setting. When the Administration has reasonable cause to believe that weapons are in the possession of unidentified students, when there has been a pattern of weapons found at school, or when violence involving weapons has occurred at a school, the Administration is authorized to use stationary or mobile metal detectors only upon the approval of the Superintendent or his/her designee, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures.

When a metal detector is being used, students will be allowed to use only the entries designated. If a metal detector activates on a student, the student should be asked to remove metal objects from his or her person and walk through or be scanned again. If, after the removal of other metal objects and a third activation by the metal detector on the student, the student should be taken to a room out of view from the other students where the procedures suggested above for a search would be applicable.

Notice

Students will be provided notice of the Policy concerning search and seizure by having them placed in the student handbook or distributed by supplemental publication. A copy of the Policy will also be posted in the principal's office or another prominent place in each school. If a metal detector is to be used, the additional notices required for its use will be given.

Definitions

For purposes of this policy the following definitions are applicable:

"Unauthorized" is any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission, or process of the school, or any item described as unauthorized in school rules available to students in the Student/Parent Handbook distributed to all students beforehand.

"Contraband" is all substances or materials, the presence of which is prohibited by school policy, state law, or federal law, including but not limited to, controlled substances, drugs, alcohol or alcoholic beverages, improperly used inhalants such as glue or aerosol paint, guns, knives, weapons, and incendiary devices.

"Reasonable cause" or "reasonable suspicion" is the standard for a search on school property or at school related events which is based on the school official's specific reasonable inferences which he or she is entitled to draw from the facts in light of the school official's experience. Specific reasonable inferences may be drawn from instances including but not limited to, a tip from a reliable student, suspicious behavior which suggests that contraband is present, a smell
indicating the presence of the contraband or a bulge in a pocket, etc. Reasonable cause or reasonable suspicion should not be based on mere hunch.

Application of Policy

Students are entitled to the guarantees of the Fourth Amendment, and they are subject to reasonable searches and seizures. School officials are empowered to conduct reasonable searches of students and school property when there is reasonable cause to believe that students may be in possession of drugs, weapons, alcohol, and other materials ("contraband") in violation of school policy, state law, or federal law. Students who bring contraband on to school grounds may be searched in order to secure the school environment so learning can take place and to protect other students from any potentially harmful effects stemming from the contraband. School property shall remain under the control of school officials, and shall be subject to search. The Administration may utilize canines and metal detectors (magnetometers) as provided in the Policy. This policy shall not be interpreted to hinder or preclude law enforcement's lawful discharge of its duties.

SCHOOL RESOURCE OFFICER

Each middle and high school has at least one uniformed law enforcement officer serving as School Resource Officer (SRO). The purpose of the SRO Program is to provide a resource and support for students, teachers and staff in any and all areas that relate to law and law enforcement matters. This support includes providing classroom instruction, group or individual counseling, protecting persons and property on school campuses, gathering information concerning criminal activity involving students on or off school property, investigating crimes which occur on school grounds, and enforcing laws and ordinances of Douglas County and the State of Georgia.

In a continuing effort to make our school system safe, a Rewards Program has been instituted to help rid our schools of gang, drugs, and weapons. The Reward Program is a financially based incentive program sponsored by the Douglas County Board of Education, the Douglasville Police Department and the Douglas County Sheriff’s Office which rewards a student with $100.00 cash if they provide information anonymously to the school administration or School Resource Officer and the information that was provided leads to a felony drug, gang, or weapons arrest.

BUS TRANSPORTATION

The Douglas County School District, its officers, officials and employees are not responsible for injury or other loss which might occur to a student or a student’s property while traveling on approved school field trips or activities.

School transportation is provided in conformance with pupil transportation policies and procedures established by the State Board of Education and the Douglas County Board of Education.

The school system operates over 328 buses serving more than 500 routes and covering more than 12,000 miles daily. Most drivers have an elementary school route and either a middle or a high school route. Some drivers, such as our Special Needs Drivers, may serve several different schools in both their morning and afternoon routes.

Transportation is also provided for a wide variety of school-related activities.

Each school bus is equipped with advanced safety devices to help the driver see and protect those riding the bus. These are only mechanical devices. It is important that all who ride a bus know and practice the skills of being a safe rider. A safe rider observes bus conduct rules at all times, thereby reducing the opportunity for injury or accident.

Bus drivers complete an intensive state mandated training program and must pass the road and written test required to secure a commercial driver’s license (CDL), with a Passenger and School Bus endorsement

School transportation is a privilege. To maintain this privilege, a student must abide by established bus conduct rules. A pupil’s transportation privilege may be suspended or revoked if conduct creates a disruption or safety hazard on the school bus. The principal or his/her designee handles all disciplinary
action taken for misconduct on the school bus.

The Douglas County School System has implemented a Discipline Intervention Plan to help ensure a safe and timely ride for students to and from school. In an attempt to be proactive, bus drivers/monitors will use the following interventions as a deterrent to requesting a student be removed from the bus.

Bus Discipline Intervention Record

1st Offense – Verbal Warning
2nd Offense – Seat Change/Ride Guide Written Assignment
3rd Offense – Parent Letter
4th Offense – School Officer Referral

Bus Conduct Rules

See High School Discipline Code JCDA-R (3)

Bus Suspension

A pupil found guilty of certain offenses may be suspended from the bus for a period up to the remainder of the school year.

Student Discipline

The school bus is an extension of the classroom. The school day begins when the student enters the bus and ends when the student leaves the bus. It is the responsibility of the individual school administration (not the driver) to determine and enforce disciplinary actions and notify the parents.

Student Discipline Procedures

To protect the safety and well-being of all riders, pupils must follow bus conduct rules. Students who insist on violating the Bus Conduct Rules will be disciplined as follows:

General or Minor Offenses
Behavior such as chewing gum, talking loudly, bringing food or beverages on the bus, cell phone use, etc. is considered a general or minor offense.

Serious or Major Offenses
More serious or major offenses and repeated offenses may require immediate attention by the school administration and/or Law Enforcement/School Resource Officer. Examples of 1 offenses include (but are not limited to) weapons, illegal substances, assault, blatant insubordination, threats or intimidating behavior towards another student, bus driver, or bus monitor.

Bus Loading Zones

Bus loading zones at the schools are restricted to school buses only during the 30 minutes immediately before and after school. Cars in the bus lanes present a serious safety hazard for pupils. To protect pupils, unauthorized vehicles in bus loading zones are subject to ticketing.

Service Provisions

- Bus service is provided to and from a pupil’s home and school. Service to other locations, such as after school daycare/babysitter, is provided only if the destination is located within the student’s assigned school district. Bus service is not provided to or from business locations (other than daycare). No exceptions.
- Students may not be released from the bus to any person at any location other than their designated stop without approval from an administrator or supervisor.
- Bus conduct rules must be obeyed. Failure to do so may result in suspension of bus privileges.
- Parents are responsible for their children going to and from the bus stop and while waiting at the bus stop.
- Written permission from a parent, signed by the principal, is required for a child to ride a bus on which
he is not assigned or to leave the bus at a stop other than his assigned stop.

- Pupils must be at their designated bus stop 5 minutes before your scheduled pick-up time located at http://webquery.douglas.k12.ga.us/edulog/webquery. The time posted is an anticipated time. Please be aware that the bus is considered on time if it is within 5 minutes, early or late, of the anticipated time.
- Buses cannot wait for latecomers.
- If a student misses the bus, Douglas County School System Transportation is not responsible for coming back to pick up the student.
- Only authorized persons may board or ride a school bus.
- Glass, items too large to fit in a pupil's lap, weapons, firecrackers, pets, gum, drinks, food or candy, and hazardous materials are not permitted on the bus.
- Electronics are permitted on buses at the discretion of the driver, but earphones/earbuds must be utilized. When earphones/earbuds are used, one ear must remain free at all times so the student may hear any instruction from the driver. Also, earphones/earbuds must be removed when students are loading or unloading the bus.

On–Street Bus Service

Buses are routed along major streets. For a bus to be routed down a street off the trunk route, the following two criteria must be met.

1. A child’s walking distance to the nearest bus stop is
   a. greater than .2 mile or more for elementary school students;
   b. greater than .3 mile or more for middle or high school students.
2. The street is safe for bus travel and has a safe bus turnaround.
3. When a street is determined to be too dangerous for a student to cross, door side service will be mandated. The decision will be up to the Douglas County School System department of transportation.

Bus Stops

- Drivers are not permitted to deviate from their route without permission from a route supervisor.
- State regulations require bus stops to be spaced at least one-tenth (.1) mile or more apart. Exceptions are allowed only in response to a safety hazard.
- Buses are not permitted to travel on closed or flooded roads. Bus stops served by such a road will be temporarily relocated to the closest safe location. Service will be restored once conditions permit.
- Bus stops on the routes are not always the same as the previous year.
- Buses are not to be routed on private property (this includes most mobile home parks and apartment complexes).
- If a student has no key or objects to disembarking the bus, the driver will radio for instructions.
- The parent/guardian is responsible for submitting special requests for permanent drop offs to transportation and the school.

Parental Assistance

Parents can help us by:

- Making sure your child is at the bus stop five minutes early before your scheduled pick-up time located at http://webquery.douglas.k12.ga.us/edulog/webquery.
- Review bus safety rules with your child and stress the necessity of observing them.
- Teaching your child to obey the bus driver.
- Cooperating with school officials and school bus drivers regarding appropriate conduct of your child at the bus stop and on the bus.
- Helping your student understand that student behavior on school buses is considered an extension of classroom behavior.
- Educating your children on the rules of school bus safety.
- Reminding your child to walk on the sidewalk, or the shoulder of the road, on the way to the bus stop and not on the traveled portion of the road.
- Reminding your child to wait in a safe place, well off the road, until the bus comes to a stop.
- Students should not move toward the bus until the bus and all traffic have stopped. Students should wait for driver instruction/signal before crossing the road when preparing to board or depart the bus.
It is very important to look and wait for instruction/signal – do not expect approaching traffic to stop.

- Periodically remind your child of the importance of mannerly and orderly behavior at the bus stop.
- Periodically check on students at the bus stop.
- Accompanying very young children to the bus stop and meeting them on their return from school is the responsibility of the parent.

SAFE RIDING

10 Safety Rules for Students

1. Arrive at your bus stop 5 minutes before your scheduled pick-up time.
2. Dress for the weather – umbrella and raincoat for rain; coat and gloves when cold.
3. Never stand or play in the road. Wait for the bus a safe distance from the road.
4. Always use the handrail when boarding or leaving the bus.
5. Remain seated and keep head, hands, and feet inside when the bus is moving. Your seat is designed to protect you in the event of an accident.
6. Never try to reach for anything under or beside a bus. Ask your driver for help.
7. Observe silence when approaching and while stopped for railroad crossings so the driver can hear if a train is coming.
8. Look carefully before crossing the road. Do not assume a car will stop for you – wait to be sure it is stopped before crossing. Watch for your driver’s signal before crossing the road.
9. Always cross in front of the bus – NEVER behind it!
10. Talk quietly while on the bus. Do not “horseplay”. Your driver must give full attention to driving to ensure your safety.

SEVERE WEATHER / EMERGENCY CLOSING OF SCHOOLS

The Superintendent is authorized to close schools in cases of emergencies or severe weather. WSB Radio and TV are the stations first notified of emergency announcements for the Douglas County School System.

Emergency Suspension of School Activities

Abnormal conditions sometimes occur which require temporary suspension of school activities. These possible conditions include inclement weather (ice and snow storms); failure of power, gas, or water supply, and breakdown of heating system.

Some situations affect only one school while in other cases several or all Douglas County Schools may be involved. In all instances the safety, welfare, and health of students and employees are the basic factors considered in making a decision as to whether or not to suspend temporarily the normal activities of a school day.

The Superintendent has the responsibility of making decisions on suspension of school activities. If the Superintendent is not available, a person designated by the Superintendent will assume this responsibility. School principals will be notified of such action by the most expedient direct means, either by telephone or personal contact.

INTERNET FILTERING REGULATION

1 PARENT/GUARDIAN AUTHORIZATION FORM

1.1 Form only needs to be signed one time and this will follow the student while he or she is in the Douglas County School System.

1.2 The Parent/Guardian Authorization Form should be kept in the Media Center for all students.

1.3 If the student transfers to another school, the original Authorization Form will be acceptable for the new school.

1.3.1 A copy of the form should be sent with the student's records.

1.4 If the parent/guardian wishes to change his or her previous wishes and not allow the student to access the Internet, then the parent/guardian must state that in writing to the school.

1.4.2 If there is a new parent/guardian that has legal custody of the student and a previous parent/guardian signed the Parent/Guardian Authorization Form, then the current parent/guardian's wishes shall be followed. However, these wishes must be properly communicated to the school system in writing by either filing a Parent/Guardian Authorization Form or by writing the school requesting that the student not participate in Internet activity.

1.4.3 Should there be a change in parent or guardian custody of the student and that parent or guardian makes no specific requests, then the wishes of the previous parent or guardian will be observed.

2 OBTAINING PARENT/GUARDIAN AUTHORIZATION FORM

2.1 Form is sent to students at the beginning of school.

2.2 New students are given the form with other paperwork as they check into a school.

2.3 Individual teachers may give the form to the student.

3 STUDENT INTERNET ACCESS TO THE COMPUTERS

3.1 All students are provided computer access by default in the Douglas County School System and all computers have access to the Internet. Students should not access the Internet unless a Parent/Guardian Authorization Form has been completed.

3.2 Parent/Guardian Authorization Forms will be kept on record at the school.
1.3 Process for Removing Student Internet Access

3.3.1 All computers have Internet access in the Douglas County School System. If a parent/guardian requests that a student not have Internet access it will be the responsibility of the teacher to monitor student computer use in order to insure this or the student's access to the computer will have to be removed. If removal of computer access is requested, the Media Specialist or an administrator will place a technology help request for the removal of the student's computer login. This request will verify that the proper written request from the parent or guardian has been recorded and that the school has this letter on file.

3.3.2 The Media Specialist should immediately notify the teachers of that student so that they can have other activities for the student during times when the class is accessing the Internet.

4 INTERNET FILTERING

4.1.1 The Douglas County School System filters all Internet content in order to provide safe and appropriate access to this resource. Since no filter can absolutely guarantee that students will not be exposed to objectionable pages from the Internet, the teacher or other staff member adult should monitor Internet activity by all students. If there is a problem with the Internet Filter, Technology Services will notify the schools and the Central Office Administration through e-mail that the filter is temporarily out of service and the issue will be resolved as quickly as possible.

5 WHEN AN UNACCEPTABLE SITE IS ACCESSED

5.1 The student should immediately notify the adult monitor and back out of the site by clicking on the “Back” button on the browser.

5.2 If the student has accessed a site that throws up multiple screens, the student should immediately turn off the monitor ask for assistance from an adult.

3.3 The adult monitor should remove the students from the monitor and write down the URL to the site so that it can be blocked in the future. The teacher should submit a technology help request that includes the URL as soon as possible so that the site can be blocked.

3.4 The adult monitor should get the names of all students who witnessed the site. They should determine whether this action was done purposely or by accident.

5.4.1 If the incident took place in an elementary school, the names of the students involved should be given to the school's administrator.

5.4.2 If the incident took place in a middle or high school, the students’ names should be given to an administrator if the teacher or monitor felt that the access to the inappropriate site was on purpose and was not accessed accidentally, or if deemed necessary for other reasons.

5.5 If the incident took place in an elementary school whether by accident or not, the school administrator should then contact the parents of the students involved to warn them what took place.

5.6 If the incident took place in a middle or high school, and if it had been determined by that school's administration that this incident was purposely done, the administrator should contact the parents of the students involved.

Complaints and Grievances for Students Eligible under Section 504

Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system’s actions or inactions regarding your child’s identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system’s Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate the school system’s Section 504 Coordinator. The school system’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through
the school system’s central office. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents under Section 504 may be found at the system website or may be picked up at the central office or at any of the school offices.

**HARASSMENT**  
**DESCRIPTION CODE: JCAC**

It is the policy of this School District to prohibit any act of harassment of students by other students or employees based upon race, color, national origin, sex, or disability at all times and during all occasions while at school, in the workplace or at any school event or activity. Any such act by a student or employee shall result in prompt and appropriate discipline, including the possible termination of employment or suspension or expulsion of the student.

Sexual harassment may include conduct or speech which entails unwelcome sexual advances, requests for sexual favors, taunts, threats, comments of a vulgar or demeaning nature, demands or physical contact which creates a hostile environment. There may be other speech or conduct which employees or students experience as inappropriate or illegal harassment which should also be reported; harassment can take many forms and it is not possible to itemize every aspect of the harassment forbidden by this policy.

Any student, parent, employee, or other individual who believes that a student has been subjected to harassment or discrimination by other students or employees of the School District as prohibited by this policy should promptly report the same to the principal of their school or to the appropriate coordinator designated in policy JAA, who will implement the board’s discriminatory complaints procedures as specified in that policy. Students may also report harassment or discrimination to their school counselor or any administrator. Students and employees will not be subjected to retaliation for reporting such harassment or discrimination. If at any point in the investigation of reported sexual harassment of a student, the coordinator or designee determines that the reported harassment should more properly be termed abuse, the reported incident or situation shall be referred pursuant to the established protocol for child abuse investigation.

It is the duty of all employees to promptly report harassment forbidden by this policy. All supervisors will instruct their subordinates as to the content of this policy and, through appropriate professional learning activities, enlighten employees as to the varied forms or expression of prohibited harassment. The principals of all schools shall ensure that students and parents are informed through student handbooks and verbally that such harassment is strictly forbidden, how it is to be reported and the consequences for violating this policy.

**CHILD ABUSE AND NEGLECT REPORTING**  
**DESCRIPTIVE CODE: JGI-R(1)**

The purpose of this policy is to provide for the protection of children whose health and welfare are adversely affected and further threatened by the conduct of those responsible for their care and protection. It is intended that the mandatory reporting of such cases will cause the protective services of the state to be brought to bear on the situation in an effort to prevent further abuses, to protect and enhance the welfare of these children, and to preserve family life wherever possible. This policy shall be liberally construed so as to carry out the purposes thereof.

As used in this policy, the term:

1. "Abused" means subjected to child abuse.
2. "Child" means any person under 18 years of age.
3. "Child Abuse" means:
   A. Physical injury or death inflicted upon a child by a parent or caretaker thereof by other than accidental means; provided, however, physical forms of discipline may be used as long as there is no physical injury to the child;
   B. Neglect or exploitation of a child by a parent or caretaker thereof;
(C) Sexual abuse or unwelcome touching of a child; or

(D) Sexual exploitation of a child.

(E) However, no child who in good faith is being treated solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall, for that reason alone, be considered to be an “abused” child.

Any school employee having reasonable cause to believe that a child has been abused shall report or cause reports of that abuse to be made to the principal or the principal's designee. A staff member who makes a report to the principal or designee shall be deemed to have fully complied with the policy. The principal/principal's designee shall make an oral report immediately, but in no case later than twenty-four hours from the time there is reasonable cause to believe a child has been abused and followed by a report in writing to the Department of Family and Children Services (DFACS) and the appropriate police authority or district attorney. Under no circumstances may the principal or designee to whom a notification of child abuse has been made "exercise any control, restraint, modification or make other change to the information provided by the reporter, although each of the aforementioned persons (mandated reporters) may be consulted prior to the making of a report and may provide additional, relevant, and necessary information when making the report". The official referral shall be documented on the appropriate reporting form (Exhibit). Any school employee who reports or causes a report to be made under s policy shall in so doing be immune from any civil or criminal liability that might otherwise be incurred or imposed, provided such reports are made in good faith. The principal shall be notified of all referrals on child abuse/neglect. The school superintendent and principal will receive a copy of the written referral.

In a reported case of child abuse, the student may be interviewed by a law enforcement officer or other appropriate governmental investigating official without notifying the parent; however, no investigation of child abuse shall be conducted at school without the knowledge of the principal/designee. This investigation may be conducted without the principal/designee being present.

Suspected child abuse which is required to be reported by Georgia law by any person pursuant to this policy shall be reported notwithstanding that the reasonable cause to believe such abuse has occurred or is occurring is based in whole or in part upon any communication to that person which is otherwise made privileged or confidential by law.

Any school system employee having reasonable cause to believe that a student has been abused by another school system employee shall report or cause reports of that abuse to be made to the appropriate agency in accordance with the procedure above. The principal or designee who receives such a report shall immediately notify the direct supervisor of the alleged perpetrator that the report has been made. The supervisor shall immediately notify local law enforcement and DFACS and begin a cooperative investigation with these agencies to determine the facts and whether sufficient grounds exist to warrant a reprimand, termination, suspension, or other adverse personnel action against the employee. Upon the conclusion of the investigation, the supervisor shall submit a written report of his or her findings to the Superintendent.

All school personnel who have contact with students shall receive training in the identification and reporting of child abuse and neglect with annual updates in the form of memoranda, directives or other written information.

Any school employee required by policy to report a suspected case of child abuse who knowingly and willfully fails to do so shall be guilty of a misdemeanor.

EQUAL EMPLOYMENT/EDUCATION OPPORTUNITIES COMPLAINT PROCEDURE DESCRIPTIVE CODE: JAA

The School District does not discriminate on the basis of race, color or national origin, sex or disability in any student program. It is the policy of the Board of Education to comply fully with the requirements of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act and all accompanying regulations.

Any student, parent or other person who believes he or she or any student has been discriminated against or harassed in violation of this policy must make a complaint in accordance with the procedures outlined below.

COMPLAINTS PROCEDURE

Complaints made to the School District regarding alleged discrimination or harassment on the basis of race, color or national origin in violation of Title VI, on the basis of sex in violation of Title IX or on the basis of disability in violation of Section 504 of the Rehabilitation Act of 1973 or the Americans With Disabilities Act will be processed in accordance with the following procedure:

1. Any student, employee, parent or other person with a complaint or report alleging a violation as described above shall promptly notify, in writing or orally, either the principal for his/her school or the appropriate coordinator designated from time to time by the Board of Education [or by the principal]. If the complaint is oral, either the coordinator or school principal to whom the complaint is made shall promptly prepare a memorandum or written statement of the complaint as made to him or her by the complainant and shall have the complainant read and sign the memorandum or statement if it accurately reflects the complaint made. If the complaint is made to a school principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint.

2. If the alleged offending individual is the coordinator or the principal, the complaint shall either be made by the complainant to the Superintendent or, if the complaint is initially made to the school principal, reported by the principal to the Superintendent. If the alleged offending individual is the Superintendent, the complaint shall be made to the designated coordinator, who shall, without further investigation, report the complaint to the Board chairperson.

3. The coordinator or his or her designee shall have fifteen work days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator or designee shall prepare a written response to the complaint detailing any action to be taken in response to the complaint.
4. If the complaint is not resolved at the conclusion of this fifteen-day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five work days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools. If the alleged offending individual is the Superintendent, the complainant may have the complaint referred to the Board of Education, rather than the Superintendent.

5. The Superintendent shall have fifteen work days to review the complaint and the response of the coordinator or designee and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his or her approval of the action recommended by the coordinator or designee or the action to be taken by the School District in response to the complaint in lieu of that recommended by the coordinator or designee and the time frame in which such action shall be taken.

6. This policy is not intended to deprive any student or parent of any right they may have to file a complaint under any other applicable policy of the local board or to contact the Office of Civil Rights or other appropriate state or federal agency with regard to any allegations that the School District has violated the statutes described above.

7. The School District shall be responsible for distributing and disseminating information relevant to this policy and procedure to students, parents and employees through appropriate procedures.

8. No reprisal shall occur as a result of reporting unlawful discrimination or harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.

The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible and complies with the law, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding consideration.

**OPPORTUNITIES COMPLAINT PROCEDURE**

Complaints made to the Douglas County School System regarding alleged discrimination on the basis of race, color, national origin, sex, age, or on the basis of handicap, in violation of the Perkins Act of 1998, Title(s) VI and IX, or Section 504/ADA, will be processed in accordance with the following procedure:

1. Any student, employee or other person with a complaint alleging a violation as described above shall promptly notify, in writing or orally, the appropriate coordinator designated below for the school system. If the complaint is oral, the coordinator shall promptly prepare a memo or written statement of the complaint as made by the complainant and shall have the complainant read and sign the memo or statement if it accurately reflects the complaint made.

2. The coordinator shall have fifteen days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant and the Superintendent.

3. If the complaint is not resolved at the conclusion of this fifteen day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools.

4. The Superintendent shall have fifteen days to review the complaint and the response of the coordinator and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his approval of the action recommended by the coordinator or the action to be taken by the system in response to the complaint in lieu of that recommended by the coordinator and the time frame in which such action shall be taken.
5. If the complainant is dissatisfied with the response of the Superintendent, then the complainant shall have the right, within fifteen days of the receipt of the written response of the Superintendent, to have the complaint referred to the Board of Education. In order to have the Board review the Superintendent's decision, the complainant must file with the Superintendent a written statement setting forth the reasons he or she disagrees with the response of the Superintendent and the action the complainant is requesting the system to take. The complainant shall also include in the written response a request that the complaint be referred to the Board of Education.

6. Within thirty days of receipt of the written request of the complainant, the superintendent shall present the matter to the Board of Education at its regular meeting or at a special meeting called for that purpose. The board shall review the original complaint, the response of the coordinator, the response of the Superintendent and the response of the complainant. In addition, the Board may, but is not required to, hear directly from any individuals with knowledge of any relevant facts relating to the complaint.

7. The Board of Education will either uphold the recommendation of the Superintendent or require the system to take some other action in response to the complaint. A copy of the action of the Board will be furnished to the complainant, either as a part of the minutes of the Board of Education or as a separate written statement. The Board shall be the final reviewing authority within the system.

8. The procedure is not intended to deprive any employee of any right they may have to file a grievance pursuant to any policy of the Board of Education, specifically including policy GAE, where appropriate. This policy is not intended to provide an alternative process for resolving evaluation and employment disputes where there already exists a due process procedure mandated by state law or State Department of Education regulations, specifically including, but not limited to, hearings to be conducted pursuant to the Fair Dismissal Act of Georgia, Official Code of Georgia Annotated 20-2-940 through 947. The complainant retains at all times the right to contact the Office of Civil Rights with regard to any allegations that the system has violated the statutes described above.

9. This procedure is available to students, employees and the general public through School Board Policy Manual available on the Douglas County School System Website (www.douglas.k12.ga.us) and at the Central Office of the Douglas County Board of Education, P. STUDENT RECORDS

CODE: JR

Student records shall be defined as all information about students recorded or collected in any format by local school systems or individual schools that may include educational/psychological assessments, school attendance records, personal data, health information, disciplinary actions, and/or academic progress.

Professional staff of the schools will review all records in their immediate keeping to assure that only responsible and documented information is maintained, removing as necessary extraneous or inappropriate information. The person in professional status responsible for maintaining records will be responsible for administering the use of the file in observance of due process and will guarantee that records contain factual, documented information on students. All information contained in any student records not meeting this requirement shall be removed.

Student cumulative records must contain, but are not limited to: identifying data, academic achievement, attendance data, standardized test scores, immunization records, and required health screenings. Academic achievement records of individual students of Douglas County Schools shall be maintained for a period of at least 70 years (after the student leaves, transfers or graduates) and the attendance data for
a period of at least three years. These shall be housed in a fire-resistant place.

No person or party, except the parents or legal guardians and students over eighteen (18) years of age, shall be permitted to examine or obtain information from the records of students except, (1) by the written consent of the student's parent or lawful guardian specifying records to be released, the reasons for such release, and to whom, and with a copy of the records to be released to the student's parents or lawful guardian and the student if desired by the parents, or (2) in compliance with judicial orders, or pursuant to any lawfully issued subpoena, upon the condition that parents or lawful guardians of the student are notified of all such orders or subpoenas in advance of the compliance therewith. (Divorce does not end a parent's right to review the child's records unless the courts specify that such review or contact is prohibited.)

The records of the school concerning an individual student shall be used for appropriate educational purposes and for the promotion of the student's welfare. Student records shall be made available to an outside person or agency only under the following conditions:

1. A "Release of Information" request is received by school officials duly signed by a parent of the student, or legal guardian, or by a student of legal age (18 years or older). File completed request in student cumulative record.

2. A "Request for Information" request is received by school officials in the form of specific request from the court or a court order. Only information requested shall be provided and the parents and/or students shall be notified of all such orders in advance of compliance with the order.

3. A "Request for Transcript" is received by school officials from a receiving school including schools operated by the Department of Juvenile Justice. Only information such as grades, attendance records, discipline records for students in grades 7-12, and group test scores should be included. Psychological reports and health reports cannot be released without having been specified in the signed "Release of Information" request as per #1 above. Schools must comply with appropriate requests for transcripts within 10 calendar days.

4. In instances where requests for information might come from an outside agency such as the VA, working for the welfare of a student, the agency will file a release from the student or parent or guardian. In lieu of such a release, a form signed by a judge (not necessarily in the form of a subpoena) would suffice, provided the parent, student, or guardian is notified that such a form has been received.

5. In instances where requests for information come from the Comptroller General of the United States, the Secretary of Health and Human Resources, Secretary of Education, an administrative head of an education agency or state educational authorities in connection with the audit and evaluation of federal programs or for the enforcement of federal legal requirements which relate to such programs, only that data which would not permit the personal identification of such students or their parents shall be released. This does not prevent federal officials, administrative head of an agency or state educational authorities to audit and evaluate provided confidentiality is maintained and information later destroyed. The only exception shall be when the collections of personally identifiable data is specifically authorized by federal law.

Schools and the school system shall not withhold any student record because of nonpayment of fees.

Schools or the school system receiving the transferred record shall notify the parent(s)/guardian(s) of students in grades 7 through 12 that the record has been received.

Student records shall be available to parents, legal guardians, and students of legal age, upon their written request. This does not include records that have the names of several students. Individual parents, guardians, or students may also inspect these records upon request.

**FAMILY EDUCATIONAL AND PRIVACY RIGHTS**

It is the policy of the Douglas County Board of Education that accurate and complete student academic and discipline records shall be maintained for each student enrolled in the schools of this school district. Confidentiality of student records shall be preserved in compliance with the Family Educational Rights and Privacy Act. Access to education records is provided to parents, guardians, and eligible students (eligible students are defined as those 18 years of age or older, those enrolled in postsecondary
educational institutions, or those younger than 18 who are emancipated), to professional educators with legitimate educational interests, to those federal or state officials whose access is authorized in connection with an audit or evaluation of federal or state-supported education programs or with the enforcement of or compliance with federal legal requirements related to those programs, and to courts and others pursuant to subpoenas or similar documents.

The superintendent shall direct the publication of procedures through which parents or eligible students may request the correction of errors in student records. The superintendent shall ensure that each principal will develop a means to notify, on an annual basis, students and parents/guardians of their rights under the Family Education Rights and Privacy Act either by letter or through a student handbook distributed to each student in the school.

The Douglas County Board of Education designates certain information from student education records as “directory information,” as is specified in this paragraph. Unless a parent/guardian or eligible student makes a timely request to the principal of the school where the student is enrolled that such information not be designated directory information as to that individual student, such information will not be considered confidential and may be disclosed upon written request. Directory information is as follows:

1. Student’s name.
2. Student’s date of birth.
3. Student’s participation in official school clubs and sports.
4. Weight and height of student if he/she is a member of an athletic team.
5. Dates of attendance at the Douglas County School System schools.
6. Awards received during the time enrolled in the Douglas County School System.
7. Photographs
8. Program of Study

In addition to the directory information listed above, federal law provides that the school district shall provide, on a request made by military recruiters or an institution of higher education, access to secondary students’ addresses and telephone listings. Student records will be forwarded without further notice to parents/guardians or eligible students to any school within or outside the Douglas County School System, upon request of the school where a student is enrolling.

Any person whose parental rights have not been revoked by court order and any guardian, or any individual acting as a parent/guardian in the absence of a parent/guardian, may inspect the education record of his/her child during the regular business hours, Monday through Friday, while school is in session.

Generally, a parent/guardian will be permitted to obtain a copy of education records of his/her child upon reasonable notice and payment of reasonable copying costs. Education records are maintained at the school where the student is enrolled and are in the custody of the principal or his/her designee.

Personally identifiable information will not be released by the school system from an education record without prior written consent of the parent/guardian or eligible student except under the following circumstances:

1. Disclosures will be made to school administrators, teachers, or other professionals employed or associated by the school system who have some role in evaluating or educating the student.
2. Records will be sent to a school where the student has enrolled or seeks to enroll upon request of that school.
3. Disclosures will be made to federal or state officials in connection with the audit of educational programs.
4. Disclosures will be made in connection with financial aid applications of the student to determine
the eligibility for and amount of aid as well as enforcement of the terms and conditions of financial aid.

5. Disclosures will be made to comply with state law, Internal Revenue Service laws and regulations, judicial orders or lawfully issued subpoenas. A reasonable effort will be made to notify parents/guardians or eligible students in advance of such disclosures.

6. Disclosures will be made to organizations conducting studies on behalf of or by educational institutions specified in 34 C.F.R. § 99, 31(a) (6) and (7).

7. Disclosure may be made to accrediting institutions to carry out their accrediting function.

8. Disclosures will be made in connection with a health or safety emergency.

9. Information the Board of Education has designated "directory information" may be disclosed upon written request unless a parent/guardian or eligible student objects in writing to the principal of the school where his/her child is enrolled within a reasonable time after receipt of the notice as contained in the student handbook. Directory information about former students will be disclosed upon request.

Each records custodian in the Douglas County School System shall maintain as part of each student's file a log of those persons to whom access to the educational records has been provided.

A parent/guardian or eligible student who believes the student's record contains an error may request its correction by submitting a written explanation of the error and the basis for believing it to be in error to the principal or his/her designee, who shall investigate and determine whether or not to amend the record. If the matter cannot be resolved, a parent/guardian or eligible student may request a hearing pursuant to federal regulations at 34 C.F.R. § 99.21-99.22 as well as applicable state regulations. If the hearing results in a determination that the record contained erroneous information, it shall be corrected and the parent/guardian or eligible student shall be informed in writing of the correction; if the information contained in the record is determined not to be erroneous, the parent/guardian or eligible student may place a statement in the record commenting upon the contested information and stating the basis for disagreement. The statement shall thereafter be disclosed whenever the portion to which it relates is disclosed.

The General Assembly of Georgia has charged the Professional Practices Commission, the body responsible for enforcing the Professional Teaching Practices Act, with the duty of adopting a code of professional ethics for educators, which represents the standards of conduct generally accepted by the education profession in this state. This Code is intended to set forth the conduct that is related to the educator’s performance of professional responsibilities that is considered to be proper ethical behavior, as well as defining that conduct which is considered by the education profession to be unethical and justifying disciplinary sanction. It is the intent of this Code: (1) to protect the health, safety and general welfare of students and educators within the State of Georgia; (2) to assure the citizens of the state that the education profession is accountable for acts of unprofessional conduct of its members; and (3) to define and provide notice to educators within the State of Georgia of acts of unprofessional conduct for which they are accountable.

A copy of this code is available in the administrative office and may be reviewed upon request.
