**Section II consists of selected Douglas County School System Policies and Procedures that directly affect high school students and their parents or guardians. In some cases, the policies and procedures have been condensed. These policies are subject to change without notice. A current copy of these policies is available in the main office of each high school or on the Douglas County website at [www.dcssga.org](http://www.dcssga.org). In that case, the most current policy would apply. Parents and students are invited to contact school administrators or counselors for additional information.**

## **Welcome**

Dear Douglas County Students and Families,

It is with tremendous excitement that I welcome you to the 2020-2021 school year. I look forward to working with you this year to help every student achieve academic success.

Our world has rapidly changed this year, but our school system remains committed to our pursuit of educational excellence. We hope to inspire Douglas County students to become the next generation of 21st century leaders and thinkers. Every member of the Douglas County School System family adheres to this mission.

We have created a Student Handbook to guide students into maximizing every learning opportunity so they become productive citizens. We designed it to help familiarize and reacquaint you with Douglas County School System policies and procedures. This handbook will be a valuable resource for students, parents, and staff members. Inside, you will find information on the services and resources available to students and our Student Code of Conduct.

This Student Code of Conduct details the rights and responsibilities of each student. It ensures all students are treated fairly. Student expectations, conduct and consequences are all outlined on these pages. Understanding it will help optimize your time with the Douglas County School System. We expect all students and parents to be familiar with this handbook and the Student Code of Conduct.

I encourage Parents/Guardians and students to read and discuss this important booklet together. Please reference this handbook throughout the year for the topics outlined in the table of contents. I encourage you to contact your school's administrators if you need clarification on any policy or procedure.

Thank you for choosing the Douglas County School System. I wish you the greatest success this school year!

Superintendent Trent North  
Douglas County School System

# **GENERAL INFORMATION**

## **BUS TRANSPORTATION**

### **Bus Loading Zones**

Bus loading zones at the schools are restricted to school buses only during the 30 minutes immediately before and after school. Cars in the bus lanes present a serious safety hazard for pupils. To protect pupils, unauthorized vehicles in bus loading zones are subject to ticketing.

### **Service Provisions**

- Bus service is provided to and from a pupil's home and school. Service to other locations, such as after school daycare/babysitter, is provided only if the destination is located within the student's assigned school district. Bus service is not provided to or from business locations (other than daycare). No exceptions.
- Students may not be released from the bus to any person at any location other than their designated stop without approval from an administrator or supervisor.
- Bus conduct rules must be obeyed. Failure to do so may result in suspension of bus privileges.
- Parents are responsible for their children going to and from the bus stop and while waiting at the bus stop.
- Written permission from a parent, signed by the principal, is required for a child to ride a bus on which he is not assigned or to leave the bus at a stop other than his assigned stop.
- Pupils must be at their designated bus stop 5 minutes before your scheduled pick-up time located at <http://webquery.douglas.k12.ga.us/edulog/webquery>. The time posted is an anticipated time. Please be aware that the bus is considered on time if it is within 5 minutes, early or late, of the anticipated time.
- Buses cannot wait for latecomers.
- If a student misses the bus, Douglas County School System Transportation is not responsible for coming back to pick up the student.
- Only authorized persons may board or ride a school bus.
- Glass, items too large to fit in a pupil's lap, weapons, firecrackers, pets, gum, drinks, food or candy, and hazardous materials are not permitted on the bus.
- Electronics are permitted on buses at the discretion of the driver, but earphones/earbuds must be utilized. When earphones/earbuds are used, one ear must remain free at all times so the student may hear any instruction from the driver. Also, earphones/earbuds must be removed when students are loading or unloading the bus.

### **On-Street Bus Service**

Buses are routed along major streets. For a bus to be routed down a street off the main route, the following two criteria must be met.

1. A child's walking distance to the nearest bus stop is
  - a. greater than .3 mile or more for elementary school students;
  - b. greater than .3 mile or more for middle or high school students.
2. The street is safe for bus travel and has a safe bus turnaround.
3. When a street is determined to be too dangerous for a student to cross, door side service will be mandated. The decision will be up to the Douglas County School System department of transportation.

### **Bus Stops**

- Drivers are not permitted to deviate from their route without permission from a route supervisor.
- State regulations require bus stops to be spaced at least one-tenth (.1) mile or more apart but not more than five-tenths (.5) miles. Exceptions are allowed only in response to a safety hazard.
- Buses are not permitted to travel on closed or flooded roads. Bus stops served by such a road will be temporarily relocated to the closest safe location. Service will be restored once conditions permit.
- Bus stops on the routes are not always the same as the previous year.
- Buses are not to be routed on private property (this includes most mobile home parks and apartment complexes).
- If a student has no key or objects to disembarking the bus, the driver will radio for instructions.
- The parent/guardian is responsible for submitting special requests for permanent drop offs to transportation and the school.

### **Parental Assistance**

Parents can help us by:

- Making sure your child is at the bus stop five minutes early before your scheduled pick-up time, located at <http://webquery.douglas.k12.ga.us/edulog/webquery>. **Also, please download the “Here Comes the Bus” app found on our website.**
- Review bus safety rules with your child and stress the necessity of observing them.
- Teaching your child to obey the bus driver.
- Cooperating with school officials and school bus drivers regarding appropriate conduct of your child at the bus stop and on the bus.
- Helping your student understand that student behavior on school buses is considered an extension of classroom behavior.
- Educating your children on the rules of school bus safety.
- Reminding your child to walk on the sidewalk, or the shoulder of the road, on the way to the bus stop and not on the traveled portion of the road.
- Reminding your child to wait in a safe place, well off the road, until the bus comes to a stop.
- Students should not move toward the bus until the bus and all traffic have stopped. Students should wait for driver instruction/signal before crossing the road when preparing to board or depart the bus. It is very important to look and wait for instruction/signal – do not expect approaching traffic to stop.
- Periodically remind your child of the importance of mannerly and orderly behavior at the bus stop. Periodically check on students at the bus stop.
- Accompanying very young children to the bus stop and meeting them on their return from school is the responsibility of the parent.

### **Safe Riding**

#### **10 Safety Rules for Students**

1. Arrive at your bus stop 5 minutes before your scheduled pick-up time.
2. Dress for the weather – umbrella and raincoat for rain; coat and gloves when cold.
3. Never stand or play in the road. Wait for the bus a safe distance from the road.
4. Always use the handrail when boarding or leaving the bus.
5. Remain seated and keep head, hands, and feet inside when the bus is moving. Your seat is designed to protect you in the event of an accident.
6. Never try to reach for anything under or beside a bus. Ask your driver for help.
7. Observe silence when approaching and while stopped for railroad crossings so the driver can hear if a train is coming.

8. Look carefully before crossing the road. Do not assume a car will stop for you – wait to be sure it is stopped before crossing. Watch for your driver’s signal before crossing the road.
9. Always cross in front of the bus – NEVER behind it!
10. Talk quietly while on the bus. Do not “horseplay”. Your driver must give full attention to driving to ensure your safety.

## **Bus Conduct Rules**

### **Bus Suspension**

A pupil found guilty of certain offenses may be suspended from the bus for a period up to the remainder of the school year.

### **Student Discipline**

The school bus is an extension of the classroom. The school day begins when the student enters the bus and ends when the student leaves the bus. It is the responsibility of the Principal (not the driver) to determine and enforce disciplinary actions and notify the parents.

### **Student Discipline Procedures**

To protect the safety and well-being of all riders, pupils must follow bus conduct rules. Students who insist on violating the Bus Conduct Rules will be disciplined as follows:

#### **General or Minor Offenses**

Behavior such as chewing gum, talking loudly, bringing food or beverages on the bus, cell phone use, etc. is considered a general or minor offense.

#### **Serious or Major Offenses**

More serious or major offenses and repeated offenses may require immediate attention by the Principal and/or Law Enforcement, or Resource Officer. Examples of 1 offenses include (but are not limited to) weapons, illegal substances, assault, blatant insubordination, threats or intimidating behavior towards another student, bus driver, or bus monitor.

## **DETERMINATION OF VALEDICTORIAN AND SALUTATORIAN**

### **DEFINITION AND REQUIREMENTS**

1. The student with the highest class ranking, as determined by the Valedictorian Formula, shall be recognized as Valedictorian. The student with the second highest ranking, using the Valedictorian Formula, shall be recognized as the Salutatorian.

2. The Valedictorian and Salutatorian will be determined by using the following formula.

#### **Step 1:**

The numerical grades in core courses (English, mathematics, science, social studies, and foreign language) will be totaled. The resulting sum will be divided by the number of core courses taken. The resulting number will be the cumulative numerical average in core courses. This number will be rounded to the third decimal place. The cumulative numerical average in core courses will be multiplied by ten.

#### **Step2:**

Each Advanced Placement (AP), Honors, Preparatory International Baccalaureate (PIB), International Baccalaureate (IB), and Dual Enrollment (DE) core courses taken fall 1999 and thereafter will be multiplied by five for each unit of credit with a maximum of 20 credits. If a student has more than 20 credits, the ones with the highest numerical grades will be used.

#### **Step 3:**

The product(s) from step two will be added to the figure from step one. The resulting total will be used to determine Valedictorian and Salutatorian.

3. Students must have attended and earned the maximum unit of credit in a public high school in the Douglas County School System for a minimum of two school years.

4. Students must be enrolled in a high school in Douglas County School System for a minimum of two full years (including the senior year at the school of graduation) to be named Valedictorian or Salutatorian. Transfer credit used for calculation of cumulative numerical averages for determination of class ranking for Valedictorian and/or Salutatorian shall be accepted:

a. Only from high schools accredited by AdvancED (or agency recognized as a regional accrediting agency by AdvancED).

b. Must be earned in grades 9 thru 12.

5. Postsecondary course grades for second semester must be issued and received by the high school no later than the grades of other high school seniors.

### **CRITERION FOR BREAKING TIES FOR VALEDICTORIAN AND SALUTATORIAN**

In case of a tie for Valedictorian and/or Salutatorian, scores on the SAT and/or ACT will be used to break the tie. If ties cannot be broken by this means, the principal of the school will select a committee to determine Valedictorian and/or Salutatorian.

### **PUBLIC RECOGNITION**

The Valedictorian and Salutatorian shall not be publicly recognized until the graduation ceremony of the respective high schools.

### **CLASS RANK**

Class rank shall be determined by the cumulative 4.0 average in all courses taken.

### **CLASS RANK FOR REPORTING TO POST-SECONDARY INSTITUTIONS**

A cumulative grade point average will be determined by using a four-point scale for all grades earned. The scale is: A=4, B=3, C=2, D=1, F=0.

Numeric grades are converted to the four-point scale, totaled, and divided by the total number of courses taken. The resulting number is to be rounded to the third decimal place.

Referrals for consideration for gifted educational services may be made by teachers, counselors, administrators, parents or guardians, peers, self, and/or other individuals with knowledge of the student's abilities. To expedite eligibility procedures, individual schools have established Eligibility Teams for the gifted to review applicants and select candidates for the program. The Eligibility Team consists of at least one administrator or counselor, at least one regular education teacher, and at least one gifted teacher and meets twice a year to screen referrals.

Eligibility for the gifted program is based on multiple criteria. These criteria should aid systems in identifying students who may not have qualified under previous criteria. To qualify for gifted services, students must meet three (3) of the following four (4) criteria: mental ability, achievement, creativity, and motivation. At least one of the four criteria must be met by a score on a nationally normed test. ## **INTERNET FILTERING REGULATION**

### **Parent/Guardian Authorization Form**

- Form only needs to be signed one time and this will follow the student while he or she is in the Douglas County School System.
- The Parent/Guardian Authorization Form should be kept in the Media Center for all students.
- If the student transfers to another school, the original Authorization Form will be acceptable for the new school.
  - A copy of the form should be sent with the student's records.
- If the parent/guardian wishes to change his or her previous wishes and not allow the student to access the Internet, then the parent/guardian must state that in writing to the school.
  - If there is a new parent/guardian that has legal custody of the student and a previous parent/guardian signed the Parent/Guardian Authorization Form, then the current parent/guardian's wishes shall be followed. However, these wishes must be properly communicated to the school system in writing by either filing a Parent/Guardian Authorization Form or by writing to the school requesting that the student not participate in Internet activity.
  - Should there be a change in parent or guardian custody of the student and that parent or guardian makes no specific requests, then the wishes of the previous parent or guardian will be observed.

### **Obtaining Parent/Guardian Authorization Form**

- Form is sent to students at the beginning of school.
- New students are given the form with other paperwork as they check into a school.
- Individual teachers may give the form to the student.

### **Student Internet Access to the Computers**

- All students are provided computer access by default in the Douglas County School System and all computers have access to the Internet. Students should not access the Internet unless a Parent/Guardian Authorization Form has been completed.
- Parent/Guardian Authorization Forms will be kept on record at the school.
- Process for Removing Student Internet Access

- All computers have Internet access in the Douglas County School System. If a parent/guardian requests that a student not have Internet access it will be the responsibility of the teacher to monitor student computer use in order to insure this or the student's access to the computer will have to be removed. If removal of computer access is requested, the Media Specialist or an administrator will place a technology help request for the removal of the student's computer login. This request will verify that the proper written request from the parent or guardian has been recorded and that the school has this letter on file.
- The Media Specialist should immediately notify the teachers of that student so that they can have other activities for the student during times when the class is accessing the Internet.

### **Internet Filtering**

- The Douglas County School System filters all Internet content in order to provide safe and appropriate access to this resource. Since no filter can absolutely guarantee that students will not be exposed to objectionable pages from the Internet, the teacher or other staff member should monitor Internet activity by all students. If there is a problem with the Internet Filter, Technology Services will notify the schools and the Central Office Administration through e-mail that the filter is temporarily out of service and the issue will be resolved as quickly as possible.

### **When an Unacceptable Site Is Accessed**

- The student should immediately notify the adult monitor and back out of the site by clicking on the "Back" button on the browser.
- If the student has accessed a site that throws up multiple screens, the student should immediately turn off the monitor and ask for assistance from an adult.
- The adult monitor should remove the students from the monitor and write down the URL to the site so that it can be blocked in the future. The teacher should submit a technology help request that includes the URL as soon as possible so that the site can be blocked.
- The adult monitor should get the names of all students who witnessed the site. They should determine whether this action was done purposely or by accident.
- If the incident took place in an elementary school, the names of the students involved should be given to the school's administrator.
- If the incident took place in a middle or high school, the students' names should be given to an administrator if the teacher or monitor felt that the access to the inappropriate site was on purpose and was not accessed accidentally, or if deemed necessary for other reasons.
- If the incident took place in an elementary school whether by accident or not, the school administrator should then contact the parents of the students involved to warn them what took place.
- If the incident took place in a middle or high school, and if it had been determined by that school's administration that this incident was purposely done, the administrator should contact the parents of the students involved.

Examples are: musical and dramatic presentations, art displays, Business Back to School Day, athletic events, and awards ceremonies. Parents participate directly in the instructional program through PTSO, volunteer work, field trips, school advisory committees, and individual parent/teacher conferences.

    - f. Remain as inconspicuous to the instructional process as possible
    - g. Return to the office at the end of the visit to check out and return the pass (badge).

  - 4. Visitors are under the supervision of the administration while on campus. Any questions or concerns regarding your visit should be referred to the administration.
  - 5. Exceptions to any of these guidelines must have prior approval of the principal.

When applying for a Learner's Permit, an original Birth Certificate is necessary. Students should contact a counselor or administrator for information on when and where the ADAP program is offered.

If any information is needed from the Records Office, contact the records clerk at least 48 hours in advance of the day the information is needed. We cannot guarantee that the documents needed will be ready if less than 48 hours notice is given.

## **TEENAGE DRIVER RESPONSIBILITY ACT**

The bill would impose certain reporting and record availability requirements on private schools, home schools, and public schools in the state.

Code Section 20-2-320(g) requires the State Department of Education to provide to the Department of Public Safety enrollment, attendance, and suspension information regarding minors 15 through 17 years of age reported by private, home, and public schools through requirements established by Code Sections 20-2-690 and 20-2-697.

An amendment to Code Section 20-2-690 requires private schools to include in their report to local school superintendents at the end of each month an indication by name of student if attendance has been suspended and the reason for such suspension. Such reports shall be available to the Department of Public Safety as they determine eligibility for driver's license.

Attendance reports of students enrolled in home study programs which are submitted monthly to local superintendents and records kept by the home study program shall be available for verification of attendance by the Department of Public Safety as they determine eligibility for driver's license.

Code Section 20-2-697 is amended to provide that attendance records kept by public schools may be accessed by the Department of Public Safety for verification of attendance to

determine eligibility for driver's license.

Code Section 40-5-22 is amended by providing that the Department of Public Safety shall not issue an instruction permit or driver's license to a person who is younger than 18 years of age unless at the time the applicant presents proof of a high school diploma, a GED diploma, or a certificate of high school completion or the records indicate that the applicant is enrolled in a public or private school or a home study program, or has terminated his or her secondary education and is enrolled in a postsecondary school pursuing a general educational development (GED) diploma.

The license suspension shall be revoked at age 18 or earlier if the licensee provides evidence that he or she has resumed regular studies as determined by the State Department of Education.

The State Board of Education and The Board of Public Safety are authorized to promulgate rules and regulations to implement the provisions of this subsection.

#### SB 100 Update

Please note that SB 100, signed into law on April 16, 2015, makes significant changes to the Teenage and Adult Driver Responsibility Act by eliminating the requirement for schools to submit noncompliance data for students with excessive unexcused absences and certain discipline infractions. Effective July 1, 2015, schools will simply have to certify that a student is enrolled in and not under expulsion from a public or private school to be eligible for a driver's license or learner's permit. Beginning on July 1, 2015, schools will use the new Certificate of School Enrollment form (located below) to certify that a student is eligible for a driver's license or learner's permit. The Certificate of School Enrollment form will replace the Certificate of Attendance form and the Certificate of Eligibility for Restoration of Driving Privileges form.

### **THE STUDENT SUCCESS CENTER**

The Student Success Center encompasses three alternative education programs for Douglas County School students, the Performance Learning Center, the Virtual Academy, and the middle and high school alternative programs. The Douglas County Student Success Center is located at the Educational Annex East, 2300 Shoals School Road, Douglasville, Georgia 30135.

The Performance Learning Center (PLC) is a non-traditional high school program. The PLC creates a businesslike environment where students complete assignments using online, computer base curriculum with the assistance of learning facilitators. The PLC is a small school model and will serve approximately 90 students. Students earn credits toward diploma requirements and graduation in a manner similar to that followed at the regular high school.

The PLC will strive to...

- Allow students to work at their own pace using online, computer-based curriculum
- Employ a caring, highly trained staff to help students achieve their social and academic goals
- Provide students with college dual enrollment opportunities
- Challenge students to develop marketable skills in preparation for college and/or the workplace

The Advantage Academy is a program designed to meet the needs to the students who have been removed from the traditional setting due to disciplinary infractions. The program is a blended model of online learning and traditional instructional practices. Students will transition back to their home based school once they have completed their assigned time.

### **TELEPHONES**

Any arrangements or preparation for after-school activities should be made prior to leaving home each morning. The office telephone is for school business and may be used by students only in cases of emergency with the permission of the administration.

Messages and deliveries from home should be left in the office. Students will not be called out of class for messages.

### **SELECTIVE SERVICE REGISTRATION OF 18-YEAR-OLD-MALES**

Currently, registrars have been appointed in 89 percent of Georgia high schools thus making it convenient for young men to register at school. It is now possible for young men to register on the Internet at [www.sss.gov](http://www.sss.gov)

## **SAFETY/HEALTH**

### **ACCIDENTS AND INSURANCE**

The Douglas County Board of Education offers parents the opportunity to purchase accident insurance. Information on the plans available and the premiums will be provided at the beginning of the school year.

The school is responsible only for immediate first aid. The Board of Education does not pay any medical or hospital bill incurred as a result of an accident to the student at school. The parent or guardian is responsible for the payment of such bills.

We urge you to make use of the protection afforded through school insurance. You will be given information regarding various insurance plans during the first week of school. Athletes are urged to make sure adequate insurance is obtained.

In case of an accident, no matter how minor, the student should report the accident to the teacher immediately. In the case of severe accidents or acute illness, emergency care will be given and the parents will be notified.

### **CLOSED CAMPUS**

Students must stay on the school grounds from the time they arrive, even if the daily schedule has not yet begun, until dismissed. A student violating this policy will be subject to disciplinary action (see Discipline Code). Except when special circumstances occur, students are not to return to campus after leaving for the day.

### **EMERGENCY CONTACT INFORMATION**

In order for the school to know and comply with the wishes of parents, emergency contact information must be filled out for each student and returned to the office for use in emergency situations. This information must be updated annually and whenever changes in contacts information occurs. When you receive a Student Contact Form, please update it and return it to the school within five (5) days. Current, accurate information will enable the school to contact you in the event of an emergency. It is the parent's responsibility to keep the emergency card current. At least one local phone contact in addition to the parent/guardian must be listed to insure the safety of your child. If any information changes during the school year, contact the school immediately.

## **EMERGENCY DRILLS**

**FIRE DRILLS** are necessary for the safety of the students and faculty. One drill per month will be held. The specific directions for reaching a point of safety from all areas of the building are posted in each room. Misconduct can endanger lives.

**TORNADO DRILLS** will be conducted in order to be prepared to seek shelter during severe weather. Follow instructions given by teachers to assume safe positions during drills.

**LOCK DOWN DRILLS** will be conducted in order to be prepared for situations which would warrant a lockdown. Follow instructions given by teachers. To prevent unnecessary fear of anxiety for students, staff, or the community, lock down drills will be announced ahead of time.

## **ILLNESS/INJURY TREATMENT INFORMATION**

In case of illness/injury, the designated School Health Monitor or other appropriate school personnel will render care as directed by the School Health Resource Manual while attempting to contact the parent. If neither the parent nor the emergency designee can be reached and the situation is very serious, the school shall telephone the Emergency Medical Services (911) for immediate transportation to the nearest Emergency Treatment Facility. Whenever possible, the parent's hospital preference will be observed. Fees for transportation and medical services will be the responsibility of the parent/guardian.

In the event a student's illness is not deemed an emergency, but signs/symptoms of an illness and/or fever are present. The parent/guardian will be contacted and requested to pick up the student from school. If the parent cannot be reached, the emergency designee will be contacted. In the event no designated adult can be reached, or the parent refuses to pick up the student, the principal retains the right to contact appropriate law enforcement and/or Department of Family and Children's Services (DFACS) personnel to assume responsibility for the student.

## **INTERROGATIONS AND SEARCHES BY SCHOOL OFFICIALS**

### **Interrogations**

The principal of each school, and his/her authorized representatives, have the authority to conduct reasonable interrogations of students in order to properly investigate charges of student misconduct.

### **Searches and Seizure**

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers, or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action.

All searches by school employees shall be reasonably related to the objectives of the search and not excessively intrusive in light of the student's age and gender and the nature of the infraction.

### **Personal Searches**

A student's person and/or personal effects (*e.g.*, purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials or contraband. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness present.

### **Seizure of Illegal Materials**

In the event search of a student's person, his/her personal possessions, vehicle, or locker reveals the student is concealing material, the possession of which is prohibited by federal, state, or local law, such findings shall be turned over to the proper legal authorities so that they may take appropriate action, in addition to any action taken by the school or school district.

### **School Property**

Student lockers, desks, and other such property are owned by the school. The school exercises exclusive control over school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks and lockers issued to them by the school.

### **Suggested Procedures**

If a school official has reasonable cause to believe that contraband is present, he or she may institute a search. Although the following procedures for a search are suggested, they are not mandated because the circumstances attendant to the need for each search may vary. The student should ordinarily be required to be present and asked to consent to the search. If after being informed of the basis for the school official's reason to search, the student does not consent, the school official may proceed with the search, contact security, or, if necessary, call law enforcement authorities. Ordinarily, and if circumstances permit, the search of a person or his or her effects should be conducted out of the presence of other students.

### **Use of Canines**

The Administration is authorized to utilize canines whose reliability and accuracy for sniffing out contraband has been established to aid in the search for contraband in school owned property and automobiles parked on school property. The canines must be accompanied by a qualified and authorized trainer who will be responsible for the dog's actions. An indication by the dog that contraband is present on school property or an automobile shall be reasonable cause for a further search by school officials.

### **Use of Metal Detectors (Magnetometers)**

Weapons of any nature on school property or at school functions are prohibited by school policy and state law. The presence of weapons is inherently dangerous to all persons in the school setting. When the Administration has reasonable cause to believe that weapons are in the possession of unidentified students, when there has been a pattern of weapons found at school, or when violence involving weapons has occurred at a school, the Administration is authorized to use stationary or mobile metal detectors only upon the approval of the Superintendent or his/her designee, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures.

When a metal detector is being used, students will be allowed to use only the entries designated. If a metal detector activates on a student, the student should be asked to remove metal objects from his or her person and walk through or be scanned again. If, after the removal of other metal objects and a third activation by the metal detector on the student, the student should be taken to a room out of view from the other students where the procedures suggested above for a search would be applicable.

### **Notice**

Students will be provided notice of the Policy concerning search and seizure by having them placed in the student handbook or distributed by supplemental publication. A copy of the Policy will also be posted in the principal's office or another prominent place in each school. If a metal detector is to be used, the additional notices required for its use will be given.

### **Definitions**

For purposes of this procedure the following definitions are applicable:

*"Unauthorized"* is any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission, or process of the school, or any item described as unauthorized in school rules available to students in the Student/Parent Handbook distributed to all students beforehand.

*"Contraband"* is all substances or materials, the presence of which is prohibited by school policy, state law, or federal law, including but not limited to, controlled substances, drugs, alcohol or alcoholic beverages, improperly used inhalants such as glue or aerosol paint, guns, knives, weapons, and incendiary devices.

*"Reasonable cause" or "reasonable suspicion"* is the standard for a search on school property or at school related events which is based on the school official's specific reasonable inferences which he or she is entitled to draw from the facts in light of the school official's experience. Specific reasonable inferences may be drawn from instances including but not limited to, a tip from a reliable student, suspicious behavior which suggests that contraband is present, a smell indicating the presence of the contraband or a bulge in a pocket, etc. Reasonable cause or reasonable suspicion should not be based on mere hunch.

### **Application of Procedure**

Students are entitled to the guarantees of the Fourth Amendment, and they are subject to reasonable searches and seizures. School officials are empowered to conduct reasonable searches of students and school property when there is reasonable cause to believe that students may be in possession of drugs, weapons, alcohol, and other materials ("contraband") in violation of school policy, state law, or federal law. Students who bring contraband on to school grounds may be searched in order to secure the school environment so learning can take place and to protect other students from any potentially harmful effects stemming from the contraband. School property shall remain under the control of school officials, and shall be subject to search. The Administration may utilize canines and metal detectors (magnetometers) as provided in the Policy. This policy shall not be interpreted to hinder or preclude law enforcement's lawful discharge of its duties

## **MEDICAL TRANSPORTATION**

It is the responsibility of the parents to provide transportation and further care for the student if the student becomes ill or injured on school property. Emergency personnel will be called in emergency situations. Students may not be sent home without parental approval and no student may drive when excused for medical reasons unless parental consent has been given. The parent or guardian is responsible for payment of emergency transportation costs.

## **MEDICATION**

Whenever possible medication should be given outside school hours. This will help reduce time out of classroom instruction and also ensures compliance. If it becomes necessary for a student to take any form of medication at school, the following procedures must be followed:

1. An Authorization for Assistance with Medication form must be filled out for each medication annually.
2. ALL medication, including over the counter drugs and emergency medications, must be provided by the parent/guardian and brought to the office upon arrival at school.
3. All **prescription medication** must be in an **appropriately labeled container** and **OTC medication** must be in the **original container**.
4. All medications will be administered in the presence of an adult.
5. The Authorization to Carry Medication Form must be completed annually and signed by all parties before a student will be allowed to carry **any** medication with them at school.
6. Any medication (labeled or unlabeled) found in the possession of a student without the appropriate form will result in serious consequences for that student.

## **SCHOOL HEALTH SERVICES**

Each school will be provided with a designated employee (**who is not a licensed nurse**) to serve as School Health Monitor. School Health Monitors will report to the school principal and will be provided training, guidance, and supervision by the Registered Nurse who serves as the Health Services Coordinator for that school.

## **SCHOOL HEALTH RECORDS**

Parents/guardians should complete a health information form at the beginning of the school year or upon registration. This form includes:

- All emergency contact information (including cell phones and pagers)
- Pertinent health history
- Primary care providers and insurance information
- Medications taken at home and school
- Allergies
- To whom child may be released

When completing the health information form, please remember this form provides us with valuable information should your student become ill and/or injured at school. This form is **NOT** intended to be a substitute for directly communicating school day medical needs with school personnel. If your child has a medical condition that may possibly require modifications or staff training (diabetes, seizures, asthma, etc.), please contact your School Health Monitor to arrange an appointment with the appropriate Health Services Coordinator/Registered Nurse. Please remember a Registered Nurse is not always immediately available in the school.

### **SCHOOL RESOURCE OFFICER**

Each middle and high school has at least one uniformed law enforcement officer serving as School Resource Officer (SRO). The purpose of the SRO Program is to provide a resource and support for students, teachers and staff in any and all areas that relate to law and law enforcement matters. This support includes providing classroom instruction, group or individual counseling, protecting persons and property on school campuses, gathering information concerning criminal activity involving students on or off school property, investigating crimes which occur on school grounds, and enforcing laws and ordinances of Douglas County and the State of Georgia.

In a continuing effort to make our school system safe, a Rewards Program has been instituted to help rid our schools of gang, drugs, and weapons. The Reward Program is a financially based incentive program sponsored by the Douglas County Board of Education, the Douglasville Police Department and the Douglas County Sheriff's Office which rewards a student with \$100.00 cash if they provide information anonymously to the school administration or School Resource Officer and the information that was provided leads to a felony drug, gang, or weapons arrest.

### **SEVERE WEATHER / EMERGENCY CLOSING OF SCHOOLS**

The Superintendent is authorized to close schools in cases of emergencies or severe weather. WSB Radio and TV are the stations first notified of emergency announcements for the Douglas County School System.

Abnormal conditions sometimes occur which require temporary suspension of school activities. These possible conditions include inclement weather (ice and snow storms); failure of power, gas, or water supply, and breakdown of heating system.

Some situations affect only one school while in other cases several or all Douglas County

Schools may be involved. In all instances the safety, welfare, and health of students and employees are the basic factors considered in making a decision as to whether or not to suspend temporarily the normal activities of a school day.

The Superintendent has the responsibility of making decisions on suspension of school activities. If the Superintendent is not available, a person designated by the Superintendent will assume this responsibility. School principals will be notified of such action by the most expedient direct means, either by telephone or personal contact.

## **VISITORS**

Parents or other adults who have business at the school must report to the office. All visitors are expected to leave promptly when their business is completed. No school-age children are allowed to visit at any time during school hours without administrative approval. Visitors will be required to sign in and out using the Raptor Visitor Management System.

## **SCHOOL NUTRITION**

Students are encouraged to participate in the school nutrition programs. Today, students are offered a variety of healthy, tasty and appealing choices which include fresh fruits and vegetables, fresh salads, whole grains and baked rather than fried items. All school meals are nutritionally balanced and meet one-third of the Recommended Daily Allowances for important nutrients for lunch and one-fourth of the RDA's for breakfast. Menus are planned by a registered dietitian and are low in fat and saturated fat. School meals help kids maintain a healthy weight and do better in school. School meals are offered to all students at a reasonable price. You may apply for free/reduced meals using a family application obtained from your child's school or by going to [www.schoolcafe.com](http://www.schoolcafe.com). Families are required to complete a school lunch application every year on School Café.

Students are encouraged to pay for their meals in advance. Families may pay their cafeteria directly with cash or checks. Checks should include the student's first and last name and lunch ID number. You may also use [www.schoolcafe.com](http://www.schoolcafe.com) to pre-pay online. You can set up an account by using a credit card and can personalize your account to notify you when your child's balance is running low. A small service fee will apply for pre-paying online, and a minimum payment is required.

All students must go to the cafeteria during their assigned lunch period. Your child can assist the cafeteria staff by:

1. Depositing all lunch litter in proper receptacles.
2. Returning all trays and utensils to the dishwashing area.
3. Leaving the tables and floors in clean conditions.
4. Not taking food from the cafeteria to other parts of campus.
5. Not breaking in line.
6. Not leaving the cafeteria without permission. Permission must be granted by the administrator or teacher on duty.

**CHARGE POLICY AND NSF POLICY**

Douglas County School Nutrition will continue to monitor the approved student charging limits which states:

- High school students and adults are not allowed to charge
- Elementary and middle school students are not allowed to charge Ala carte items.

If we receive two NSF checks for a student and/or siblings, we will no longer accept any checks for the student and/or siblings for the duration of their attendance in Douglas County Schools.

## STUDENT SERVICES

Student Services consists of counselors, school psychologists, and school social workers. Their services provide opportunities to:

- > Help students recognize their aptitudes and potential through the use of test results, school performance and extra-curricular activities.
- > Help students plan and select careers and secondary training wisely by making available a variety of career and scholarship information.
- > Help students understand themselves and others, adjust to school and learn how to solve problems by providing opportunities for group and individual guidance.
- > Help students select courses that meet their needs for graduation, further education, and/or future careers.
- > Assist teachers and parents in helping students work through learning difficulties and personal or social concerns.

The high school counseling program includes personal and group counseling, career counseling, credit verification, course planning, interpretation of test results, consultation with parents and teachers, group work, and classroom guidance. Counselors may also prepare newsletters to keep students informed of pertinent information.

A student advisory system has been implemented at the high school level that accents the individual-personal relationship of the advisor and student. Students interact with at least one significant adult in the school and are being guided in course selections and involved in discussions concerning school programs.

Counselors coordinate and/or facilitate the testing programs, STAR student program, individual

advisement system, scholarship and financial aid programs, the homebound program, and posting of grades.

The high school counseling program assists teachers in understanding students and provides students with information on available school and community resources. The counseling department strives to help each student assess his/her ability and achievement and make decisions suitable to his/her life style.

### **Physical Examination**

All students, including those in programs for four-year olds, who enter a Douglas County public school for the first time must have Ear, Eye, Nutrition and Dental Examination Certificates on file in the school. Students who have previously attended Georgia public schools, left the public school system for a private or out-of-state school, and then later returned to the Douglas County schools, will be assumed to have satisfied this requirement when they initially entered Georgia public schools. Students may be admitted to school without the Ear, Eye, Nutrition and Dental Certificate but must present it within 120 calendar days following entrance to school. A record of hearing, vision and dental screening must be on or attached to DPH Form 3300 rev. 2013, Certificate of Ear, Eye, Nutrition and Dental Examination. Out-of-state forms that show ear, eye, nutrition and dental examinations are acceptable if dated within the past 12 months of the enrollment date in a Georgia public school. For some disabled students, the Certificate of Ear, Eye, Nutrition and Dental Examination may be accepted when the examiner is unable to certify a pass or fail due to the severity or nature of the disability.

Students in grades six through twelve, who participate in competitive interscholastic athletics and cheerleading must have an annual physical examination form that includes approval for participation; signature by a licensed medical doctor before participation in any tryout, practice or conditioning; and the date (month, day, year) of the examination and the student's name.

### **Guidelines for Students Entering School from Home Study Programs**

All students entering a Douglas County elementary or middle school from a home study program shall be evaluated for placement based on the following criteria:

1. State and Local Board of Education policy requirements relating to entrance into kindergarten or first grade
2. Chronological age based on a certifiable document (birth certificate)
3. Performance on standardized tests and/or instructional placement test (Example: Reading Placement Test)

After reviewing the above criteria, the local school shall place the student in the appropriate grade level.

If the parent or guardian disagrees with the placement, a Student Support Team will review placement. If there is still no agreement, the matter will be appealed to the Superintendent or designee.

## **Social Security Number**

The Douglas County School System requests that all students provide the school with a Social Security number to be used as a student identification number. Students who do not have a Social Security number may pick up an application form in the Attendance Office or any Social Security office. Student Social Security numbers will be treated in the same confidential manner as all other records in accordance with the Federal Educational Rights and Privacy Act of 1974.

Providing a Social Security number is voluntary. Students or parents who object to providing a Social Security number must complete a waiver form. Waiver forms can be obtained from the Attendance Office.

## **TRANSFERS**

All students transferring to Douglas County will be admitted to school pending receipt of their immunization record, for a period not to exceed 30 calendar days from initial entry. The 30-day waiver may be extended from the date of the first admittance, whichever is earlier, for up to 90 calendar days, provided the student is a transfer student from an out-of-state school system to a Georgia school system, or a student entering kindergarten or first grade from out-of-state. The student must provide documentation to the school from the local health department or a physician specifying that an immunization sequence has been started and that the immunization time schedule can be completed within the **90-day** waiver period.

No student expelled/suspended from a school in another school system may be admitted to a Douglas County school without approval of the school superintendent.

## **HOSPITAL/HOMEBOUND PROGRAM**

Students who have a medically diagnosed physical or psychiatric condition which restricts them to their home or a hospital for a period of time which will significantly interfere with their education may be eligible for Hospital/Homebound services. Such students, or their parents, must submit a medical referral form completed by a licensed medical physician. The physician must project that the student will be absent a minimum of 10 school days and is physically able to profit from educational instruction.

Students are not eligible if absence is due to communicable diseases (except as specified in State Board Policy JGCC), emotional problems, expulsion, suspension, abuse of chemical substances, or uncomplicated cases of pregnancy. Cases of complicated pregnancy will be approved only with a statement from a licensed medical physician (1) certifying that school attendance would endanger the life of the mother or the child, and (2) specifying the projected length of time this danger would exist. The student is considered present each day if seen by the visiting instructor for the minimum number of hours per week.

## **STUDENTS RELEASE TO NON-CUSTODIAL PARENTS**

Schools shall not release students to individuals other than custodial parent(s)/guardian(s) without permission from the custodial parent(s)/guardian(s). It is the responsibility of the

custodial parent(s)/guardian(s) to notify the school when their child will be picked up by anyone other than those filed in the child's records.

## **TO WITHDRAW**

If a student needs to withdraw he/she should do the following:

1. A parent/guardian should notify the school to withdraw the student. The withdrawal document must be signed by the enrolling parent/guardian.
2. Obtain a withdrawal form from the attendance clerk.
3. All of the student's teachers, the counselor, the media specialist, the lunchroom manager and the principal must sign the withdrawal form.
4. Return all textbooks and library books and pay any fines and/or charges before records can be sent to your new school.
5. Return the withdrawal form to the clerk before the end of the school day.

## **WITHDRAWING FROM SCHOOL**

When a student desires to withdraw from school, he/she must have the written permission of his/her parents or guardian if under the age of eighteen prior to withdrawing. Prior to accepting such permission, a school administrator shall make a reasonable attempt to have a conference with the student and parent/legal guardian within two school days of receiving notice of the intent of the student to withdraw. The purpose of the conference is to share with the student and parent/guardian educational options available and the consequences of not having earned a high school diploma.

Any student who is 16 or over and drops out of a Douglas County high school must attend the Success Center for at least one (1) mini semester and pass all courses attempted before reentering a Douglas County high school. \*\*

Any student who wishes to return to a Douglas County high school from a court ordered placement or Department of Juvenile Justice facility must provide documentation for review to determine retry status or attend the Success Center for at least one semester and be in good standing before reentering a Douglas County middle or high school.

3. Vaccination and Immunization: Evidence of age-appropriate vaccination and immunization against the following illnesses is required under Georgia law before a child may be officially enrolled in a Georgia School.

For any child attending any school or facility in the state of Georgia for the first time, a parent or guardian must submit a valid certificate of immunization.

School or facility officials, for justified reasons, may allow a child to attend for up to 30 calendar days after first admittance without a valid certificate of immunization. This 30 day waiver may be extended from the date of the first admittance for up to 90 calendar days provided the student is a transfer student from an out-of-state school system to a Georgia school. A certificate may be issued for a child who has not received all required immunizations with the conditions that the child is in the process of completing required immunizations and that immunizations are being scheduled with the shortest intervals recommended in the current Official Immunization Schedules.

The certificate must be retained and monitored for currency by the school or facility while the child continues in attendance and must be made available for inspection during normal business hours by authorized health authority officials. When a child transfers to another school or facility, the certificate of immunization must be transferred. When a child ceases to attend without transfer, the certificate should be returned to the parent or guardian.

A certificate for a child who is in the process of receiving all required vaccines must have a date of expiration that relates to the date the next required immunization is due or the date on which a medical exemption must be reviewed. A new certificate must then be obtained and submitted to the school or facility within 30 days after the expiration date. Children whose parents fail to renew said certificates within the time allotted shall not be permitted to continue in attendance.

4. Eye, Ear, Nutrition and Dental Screening: Evidence of ear, eye, dental and nutrition screening is required under Georgia Law before a child may be officially enrolled in a Georgia school. Out-of-state forms that show ear, eye, dental and nutrition examinations are acceptable if data is within the past 12 months of the enrollment date in a Georgia public school. Students may be admitted to school without the ear, eye, dental and nutrition and dental certificate but must present it within 120 days following entrance to school. Note: The certificate of Eye, Ear, Nutrition and Dental Screening must be on Georgia DPH Form 3300 rev. 2013.
5. No child expelled from a school in another school system may be admitted to a Douglas County School without approval of the County School Superintendent.

## **ABSENCES AND EXCUSES**

## **DESCRIPTION CODE: JBD-R(1)**

In order to receive maximum benefit from the instructional activities, students are expected to be in school each day unless excused for legitimate reasons. Good attendance habits positively impact the learning process and carry over into the world of work. While teachers and administrators are charged with the responsibility of providing worthwhile daily activities for students, the student and their parents must assume responsibility for being punctual and regular in attendance. It is the position of the Douglas County Board of Education that every day at school is important and that no student ever be absent except for extraordinary reasons. To emphasize the importance of good attendance, and to provide consistency throughout the school system, the following guidelines will be used.

### **ATTENDANCE RULES**

1. Absences will be classified as excused or unexcused.

Excused absences are those due to emergencies such as:

- A. Personal illness or attendance in school endangers a student's health or the health of others.
- B. A serious illness or death in a student's immediate family necessitating absence

from school

- C. A court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school.
- D. Observing religious holidays, necessitating absence from school.
- E. Conditions rendering attendance impossible or hazardous to student health or safety.
- F. A student whose parent or legal guardian is in military service in the armed forces of the United States or the National Guard, and such parent or legal guardian has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five school days per school year, for the day or days missed from school to visit with his or her parent or legal guardian prior to such parents or legal guardians deployment or during such parents or legal guardian leave.
- G. Any other reason approved by the Georgia State Board of Education.

Students shall be counted present when they are serving as pages of Georgia General Assembly.

Unexcused absences are all failures to attend school other than those specifically excused by the administration.

- 2. Absences and tardies will be recorded in each class. Absences and tardies from school will be recorded on the student permanent record. A student must be present at school for at least one-half of the required instructional time to be counted present for the day.
- 3. A high school student must be enrolled in each course a minimum of 130 clock hours per semester (including days transferred from other schools) to receive Carnegie unit credit for the course. A student must be present every day except those determined to be excused absences. A clock hour is defined as 60 minutes of instructional time
- 4. If a student is absent from school, the student must bring a note with the signature of a parent, doctor, dentist, judge, etc. stating the date and reason for absence. This written excuse must be presented to the appropriate teacher(s) within three (3) school days of the student's return to school from the absence. This is the responsibility of the student. The principal will resolve any question in determining whether an absence is excused or unexcused.

All work missed due to an excused absence must be made up by the student within a reasonable time, or receive zeros in work missed. It is the student's responsibility to make arrangements with the teacher for make-up work.

In order to participate in an extracurricular or after school activity, a student must be in attendance on the school day of the activity.

Unexcused absences will result in no credit for work missed.

A student who misses one-half or more of a class period (unexcused) will be counted absent for that class.

For each absence beyond ten (10), students must bring an excuse from a doctor, dentist, health center, court, etc. for the absence(s) to be excused.

5. Individual teachers (in grading policies) or schools will provide incentives for good attendance.

6. Any parent, guardian, or other person having control or charge of any child or children between the ages of six and sixteen shall send such child or children to school. On the sixth unexcused absence a violation of this code (O.C.G.A. 20-2-690.1) will result in said person being guilty of a misdemeanor. Upon conviction thereof, shall be subject to a fine of not less than \$25.00 nor greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties.

Two reasonable attempts to notify the parent/guardian will be made by the school on the fifth unexcused absence. If no response is achieved the school shall send a notice by certified mail, return receipt requested. Each day absence from school after notification on the fifth unexcused absence shall constitute a separate offense.

7. Student parking at Douglas County School System high schools is a privilege provided for high school students who purchase a parking decal. High school administrators may suspend a student's parking privilege for the remainder of the semester for leaving campus without authorization, for truancy, or for having six unexcused tardies to school. The suspension of parking privileges will extend for at least forty-five (45) days. If a semester has less than forty-five (45) days remaining when the suspension occurs, the balance will be served at the beginning of the next semester or school year. There will be no refund for the cost of the parking permit. At the conclusion of the suspension of parking privileges, the student may reapply and purchase a parking decal if parking space is available.

The standards should be designed also to encourage students to respect each other and school district employees, to motivate students to obey student behavior policies adopted by this Board and to obey student behavior rules established at each school within this school district;
  2. Behavior support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;

  4. Parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The principal and teacher shall thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A. 20-2-737-738.

### **Student Discipline**

**JD-R(3)**

#### **Middle School and High School Discipline Code**

The Discipline Code serves as a guide for school administrators dealing with discipline offenses. It is not intended to be an exhaustive list of every possible offense. Furthermore, every possible offense cannot be defined. The Principal of the school has the authority to make disciplinary and other decisions based on the best interests of the students and the school. Parents and guardians are encouraged to inform their children that certain acts of misconduct could result in legal charges. Please explain to your student(s) that for certain acts of underage sexual conduct and other crimes, a minor may be tried as an adult.

It is the responsibility of the student and the student's parents/guardians to demonstrate behavior that is appropriate at all times. Parents will be contacted when any major offense occurs. It is the policy of this state that it is preferable to assign disruptive students to alternative educational settings rather than to suspend such students from school.

A teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student code of conduct, provided that the teacher has previously filed a report or determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. (Board Policy JD) The parent will be required to attend a conference and develop a behavioral intervention plan.

## **DISCIPLINE OF STUDENTS WITH DISABILITIES**

Discipline of students with disabilities requires certain considerations because behavior may be related to the disability. Following are general guidelines:

1. Determine which students have been identified as disabled and review their IEPs or Section 504 Plan at the start of the semester before there are discipline problems.
2. An IEP or Section 504 Plan may include a Behavior Intervention Plan that specifies how certain behaviors are to be handled. This plan should be followed in all school settings - regular or special.
3. Students whose IEPs or Section 504 Plan do not address behavior or discipline should be treated like non-disabled students with common sense consideration of the disability (see \* below).
4. Classroom teachers should work closely with special education teachers and the Student Support Team to determine appropriate methods of discipline.

\* In all cases, however, a student with a disability may not be suspended from school (including ISS - if the student does not receive the specified special education services) for more than a cumulative total of 10 days per school year. When the total number of suspension days nears 10 or a significantly disruptive behavior occurs, the following procedure should be followed:

1. The Director/Coordinator (or designee) of Special Education should be notified to assure that all due process procedures are followed.
2. The IEP committee will carefully review the IEP and current placement to determine if the behavior is related to the disability and if change should be made in the IEP.
3. For Section 504 students, the SST will review the 504 Plan and determine if the behavior is related to the disability.

4. Staff must be aware that students have access to the Internet from all of the school system's computers. Teachers must use good judgment and closely supervise their student's use of the Internet. The School System uses filtering software to help prevent student access to inappropriate web sites. However, it is impossible to block access to all objectionable material. If a student decides to behave in an irresponsible manner, they may be able to access sites that contain materials that are inappropriate for children or are not commensurate with community standards of decency. They should not be permitted to access sites unrelated to their assignment and should not be allowed to access games or other sites that could infect the computer with "Spyware". Staff may have less filtered access to the Internet. They must be especially careful to review materials before displaying them to students.

#### **Expectations for Communicating Electronically**

The Douglas County School System recognizes that today's students and parents engage in electronic forms of communication for their daily interactions with friends, family, and their larger social networks. DCSS has also, or will be, utilizing e-mail, websites, blogs, text messaging, and use of public social media networks such as Twitter, Facebook, and others to communicate with similar groups. Whereas these forms of communications are dynamic, mobile, and quickly reach their audience through technologies that have become an integral part of our online lives, they may, in some circumstances, not meet the public and professional standards for communicating with students and parents.

DCSS realizes that part of 21<sup>st</sup> century learning is adapting to the changing methods of communication. The importance of staff, students and parents engaging, collaborating, learning, and sharing in these digital environments is a part of 21<sup>st</sup> century learning. DCSS has adopted the Expectations for Communicating Electronically to provide direction for employees when participating in online social media activities. It is important to create an atmosphere of trust and individual accountability, keeping in mind that information produced by DCSS employees is a reflection on the entire district. By accessing, creating or contributing to any blogs, wikis, or other social media for classroom or district use, you agree to abide by these expectations. Please read them carefully before posting or commenting on any blog or creating any classroom blog, wiki and/or podcast.

Schools may maintain an official social media presence using sites such as Facebook, Twitter and LinkedIn. These official pages will be designated with logos and language to maintain the branding of the schools and the system.

All employees must adhere to the Georgia Code of Ethics for Educators as stated in DCSS Board Policy.

These expectations designed for the purpose of

1. **Protecting the students, staff, and the District;**
2. **Raising awareness of acceptable ways to use electronic communication tools when communicating with students and parents; and**
3. **Raising awareness of the positive and negative outcomes that may result in using these tools with students and parents.**

The following is a set of expectations that all members of the DCSS professional community will adhere to when communicating with students and parents electronically.

ALL electronic communication between staff, students, and parents should be transparent. As a public school district, we are expected to maintain openness, visibility, and accountability with regard to all communications.

ALL electronic communication between staff, students and parents are a matter of public record and/or may be accessible by others.

ALL electronic communication from staff to student or parent should be written as a professional representing DCSS. This includes word choices, tone, grammar and subject matter that model the standards and integrity of a DCSS professional. Always choose words that are courteous, conscientious, and generally businesslike in manner.

#### **Acceptable Communications Methods**

**District Email and Phone** - Use of District email and phone is always an appropriate way to communicate directly with students and parents. District email provides the staff member with a record of the communication. For this reason, the district-provided email system and

district-provided phone numbers and extensions should be used.

**District Provided Websites**– Utilizing district provided web storage; individual staff web pages are available to all teachers to share information with students and parents.

**Social Media for Instructional Purposes** – Any content staff members publish, pictures they post, or dialogue they maintain, whether in Facebook, Twitter, a blog, a discussion thread or other website should never compromise the professionalism, integrity and ethics in their role as a DCSS professional. A good question that staff members should ask themselves before posting or emailing a message is, “Would I mind if that information appeared on the front page of the local newspaper?” If the answer is “yes,” then do not post it. Email and social networking sites are very public places.

### **Less Acceptable Communications Methods**

**Text Messaging** - Nearly every student has a cell phone today and use of text messaging is rising sharply. This form of communication is typically between individuals and can be highly personal. Because texting is such a quick and convenient way of communication, a simple message may lead to an extended texting conversation that can get “off topic.” Therefore staff members should be aware that text messaging between a staff member and an individual student can easily be misinterpreted by a parent. If a staff member plans to use texting for immediate and urgent contact with students/team members, they must be transparent about such use. He/she must make parents aware at the beginning of the school year or season that he/she may use texting.

### **Unacceptable Communications Methods**

**Non-District Email and Instant Messaging** – DCSS employees should never use personal email accounts or instant messaging to communicate with students about school matters.

### **Important Reminders: Social Media Sites for Personal Purposes**

Staff members presently using social media sites, such as Facebook, to communicate with friends, family and their personal networks should ensure that their privacy settings are set to “Only Friends.” If the “Friends of Friends” or “Networks and Friends” settings are used, staff members open their content to a much larger group of people, including students and parents. Employees should not use their District email address or phone number for communications on social media networks for personal accounts. The wall between the role of a public educator and personal friendships with students should always be visible and strongly communicated.

### **Electronic Mail Acceptable Use**

1. The Douglas County School System electronic (email) system is to be used for transmitting, receiving and storing information for school related purposes.
2. The Douglas County School System cannot protect individuals against the existence or receipt of materials that may be offensive to them. Those who make use of electronic communications may come across or be recipients of material that they might find offensive or annoying. In such cases where materials are received, the users shall

delete the non-school system business related content. The school system is not responsible for the views expressed by individual users via web pages, electronic mail or other on-line communications.

3. Email is NOT private and may be accessed and reviewed by school system administration or technical staff approved by the Director of Information Technology.
4. Email may be filtered by the Douglas County School System and some email may be refused or even deleted before it gets to the user if it is determined to contain pornographic, hate-related, or derogatory subjects. Specific file types will also be refused in order to protect the school system's network.
5. Since email is not private, it is not recommended for school system personnel or students to use the email system for personal communications, either within the school system or to people outside of the system. If anyone needs to send personal communications, they should use an outside, web-based email. Excessive use of school system email for personal purposes may result in disciplinary action.
6. Email accounts will be limited in space as determined to be appropriate by the Technology Department.
7. The Douglas County School System will not store emails. If an email user wants or needs to keep their emails, it is the user's responsibility to store them. Any email communication that is required to be maintained according to a records retention schedule shall be maintained by the user. Email backups will only be retained for a period of 14 days.
8. If any encryption is used, it must be approved by the Executive Director of Technology and approved by the Superintendent.
9. Email messages should be considered to be as if a user were writing a message on official Douglas County School System letterhead. If you would not write and sign your message on this letterhead, do not say it in an email.
10. These guidelines should be followed whether a Douglas County School System email user is accessing the system from work or from home.
11. Anyone using the Douglas County School System's email system may not access any other person's email without that person's approval with the exception of individuals identified in the Electronic Mail Acceptable Use Guidelines.

#### **District Access to Electronic Resources and Data**

All data created, accessed, stored, or transmitted by Douglas County School System electronic resources shall be used in a responsible, ethical, and lawful manner. All records created or received in the performance of a public duty or paid for by the Board of Education are deemed to be public property and shall constitute a record of public acts. This includes electronic records regardless of the records' storage format. Upon request employees will provide access to any electronically stored records. Any school system provided electronic storage media, including but not limited to hard drives, CD-Roms, DVDs, flashdrives or network/web based storage, is considered property of the Douglas County School System. There should be no expectation of personal privacy unless covered by district privacy as relating to all applicable local, state and federal laws.

All electronic student records and grades shall only be maintained in district approved software. No electronic grade books will be used that are not approved by the Executive Director of Technology and the Assistant Superintendent of Curriculum and Instruction..

### **Non-Employee/Consultant use of Technology**

1. In specific situations it may be determined that non-employees/consultants need access to the district technology systems including network logins and email. In these cases authorization should be requested using the Non-Employee Request for use of Douglas County School System Technology form. This form may be obtained by contacting the Technology Department.

### **USE OF ELECTRONIC COMMUNICATIONS: INTERNET**

The Douglas County Board of Education is committed to providing access to advanced technology and increased opportunities for learning by providing Internet access. Use of this network offers the opportunity for students to utilize information resources not generally available within the school or local community. Parents and students must recognize that students will be required to make independent decisions and use good judgment in their use of the Internet. I understand that some materials on the Internet may be objectionable, but I accept responsibility for guidance and conveying standards for my son/daughter to follow when selecting, sharing or using this media.

While the potential for abuse exists, I understand the primary purpose of using the Internet is educational--that is, to support learning and enhance classroom instruction. I understand that inappropriate use of the Internet may result in the termination of access and possible disciplinary action

I understand that it is impossible to control all materials on a global network and that an industrious student may discover inappropriate material. Information obtained from the Internet is at the user's own risk. The school cannot be responsible for accuracy or quality of the information.

I release my school and the Douglas County School System from any liability relating to consequences resulting from my son/daughter's use of the Internet.

I understand that my student will have access to multiple instructional tools that the district has selected for use such as Google Suite, Microsoft Office365, etc. These tools require data to be provided in order to create accounts and enhance the instructional capabilities of the tools. The district carefully reviews all data privacy agreements for the applications that it selects to insure that any data provided is protected to industry standards and to limit the data provided. A list of applications used can be found on the district and individual school websites. By signing the Student Handbook Signature page, I understand and agree that these accounts will be created. If I do not agree to this, I understand that the student's use of technology will be limited and alternate assignment will be provided for any technology-based assignments.

I have reviewed the Internet Use Authorization Form with my child, and permission is granted for the use identified above through my signature on the Student Handbook Signature page.

**PERMISSION TO DISPLAY PHOTOGRAPH OR WORK**

I acknowledge the right to crop, edit, or treat the photograph, video, or audio clip at its discretion.

I also understand that once my student's photograph, video or audio clip is published on a web site, it can be downloaded by any computer user, on or off campus.

Therefore, I agree to indemnify, defend and hold harmless the members of the Douglas County Board of Education, its officers, employees, agents, successors and assignees (the "Indemnified Parties") from and against any and all claims and liabilities resulting from this publishing.

Permission is granted for the use requested above through signature on the Student Handbook Signature page.

The intent of this policy is to comply with the Title IX federal regulations concerning sexual harassment. To the extent that additional requirements are specified in federal law or regulations, the District shall comply with such requirements.

## **DEFINITIONS**

**Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to the District's Title IX Coordinator or to any official or employee of the District. This notice requirement is not met when the only District official or employee with actual knowledge is the respondent.

**Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment. If the complainant is under the age of 18, the parent or legal guardian can file a complaint and act on behalf of the student.

**Days** for the purpose of this policy means "school days."

**Deliberately indifferent** means a response to sexual harassment that is clearly unreasonable in light of the known circumstances.

**Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in a District education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information listed for the Title IX Coordinator in the District's nondiscrimination notice posted on its website. As used in this policy, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided by the District) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy.

**Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

**Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the District conditioning the provision of a District aid, benefit, or service on an individual's participation in unwelcome sexual

conduct;

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault"- an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation; or

"Dating Violence"- sex-based violence committed by a person-

(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(B) where the existence of such a relationship shall be determined based on a consideration of the following factors:

(i) The length of the relationship.

(ii) The type of relationship.

(iii) The frequency of interaction between the persons involved in the relationship; or

"Domestic Violence"- sex-based violence which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or

"Sex-based Stalking" - engaging in a course of conduct directed at a specific person that would cause a reasonable person to-

(A) fear for his or her safety or the safety of others; or

(B) suffer substantial emotional distress.

**Supportive measures** means non-disciplinary, non-punitive individualized services offered

as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. The District shall presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process. The grievance process will be followed before the imposition of any disciplinary sanctions or other actions that are not supportive

measures against a respondent. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The District shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability

of the District to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

## **NONDISCRIMINATION POLICY**

It is the policy of the Board of Education to comply fully with the requirements of state law, Title IX and its accompanying regulations.

The School District prohibits discrimination based on sex and sexual harassment of students by other students, employees, volunteers or others over whom the District has authority in any District education program or activity. Education program or activity includes locations, events, or circumstances over which the District exercises substantial control over both the respondent and the context in which the sexual harassment occurs.

The District shall respond promptly in a manner that is not deliberately indifferent when it has actual knowledge of sexual harassment against a person in an education program or activity.

The District shall require that any individual designated and authorized as a Title IX Coordinator, investigator, decision-maker, or any person designated to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The District shall ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, will receive training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process including questioning, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The District shall ensure that decision-makers receive training on any technology to be used during questioning, and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. The District also shall ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, shall not rely on sex stereotypes and shall promote impartial investigations and adjudications of formal complaints of sexual harassment. Reports or complaints made to the School District regarding alleged sexual harassment in violation of Title IX shall be processed in accordance with the following

process:

## **GRIEVANCE PROCESS**

1. Reports or complaints may be verbal or written and may be made at any time (including during non-business hours), in person, by mail, by telephone, or by electronic mail using the contact information posted on the school and/or district website.
2. Any student, employee, parent or other person wishing to report or file a complaint alleging a violation as described above shall promptly notify either the principal or counselor at his/her school or the Title IX Coordinator designated and authorized by the District. Any employee who receives information from a student alleging sexual harassment shall report it to the principal or Title IX Coordinator. If the alleged offending individual is the principal, the report or complaint should be made by the complainant to the Title IX Coordinator.
3. The Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures as defined in this policy, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. The District shall treat complainants and respondents equitably by following this grievance process before punishing the respondent or providing remedies to the complainant. Remedies will be designed to restore or preserve equal access to the District's education program or activity. Such remedies may include the same individualized services described as "supportive measures." However, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.
4. **Formal Complaint:**

Upon receipt of a formal complaint, the District shall within 10 days provide the following written notice to the parties who are known:

- (A) Notice of the District's grievance process;
- (B) Notice of the allegations potentially constituting sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice shall include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice shall inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence. The written notice shall inform the parties of any provision in the code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process. The notice shall describe the range of or list the possible disciplinary sanctions and remedies that the District may implement following any determination of responsibility.
- (C) If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the notice provided pursuant to paragraph (4)(B), the District shall provide notice of the additional allegations to the parties whose identities are known.

## **5. Dismissal of a formal complaint.**

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined herein even if proved or did not occur in the District's education program or activity or in the United States, then the District shall dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX; such a dismissal does not preclude action under another provision of the District's code of conduct.

- (A) The District may dismiss the formal complaint or any allegations therein, if at any time during the investigation: A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the District; or specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

(B) Upon a dismissal required or permitted pursuant to paragraph (5), the District shall promptly send written notice of and reason(s) for the dismissal simultaneously to the parties.

#### **6. Consolidation of formal complaints.**

The District may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references to the singular “party,” “complainant,” or “respondent” include the plural, as applicable.

#### **7. Investigation of a formal complaint.**

After providing written notice to the parties of the receipt of a formal complaint, the District shall have 15 days to investigate. When investigating a formal complaint and throughout the grievance process, the District shall—

(A) Assume the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility and not place such burdens on the parties provided that the District cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the District obtains that party's voluntary, written consent to do so;

(B) Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;

(C) Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;

(D) Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

(E) Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate;

(F) Provide both parties an equal opportunity to inspect and review any non-privileged evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the District does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties shall have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report. The District shall make all such evidence subject to the parties' inspection and review available at any meeting to give each party equal opportunity to refer to such evidence during the meeting, including for purposes of cross-examination; and

(G) Create within 5 days an investigative report that fairly summarizes relevant evidence, and at least 10 days prior to the determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

(H) If at any point in the investigation of reported sexual harassment of a student, the investigator determines that the reported harassment should more properly be termed abuse, the reported incident or situation shall be referred pursuant to the established protocol for child abuse investigation. Reported sexual harassment determined not to be sexual harassment as defined under Title IX may be investigated in accordance with Policy JAA.

## **8. Questions.**

After the District has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision-maker(s) shall afford a 10 day period for each party to have the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The District

shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege. The decision-maker(s) shall explain to the party proposing the questions any decision to exclude a question as not relevant.

#### **9. Determination regarding responsibility.**

The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), shall, within 10 days of the conclusion of the question and answer period, issue a written determination regarding responsibility. To reach this determination, the District shall apply the preponderance of the evidence standard of evidence to formal complaints against students, to formal complaints against employees and to all complaints of sexual harassment.

The written determination shall include—

- (A) Identification of the allegations potentially constituting sexual harassment as defined in this policy;
- (B) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- (C) Findings of fact supporting the determination;
- (D) Conclusions regarding the application of the District's code of conduct to the facts;
- (E) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the District imposes on the respondent, and whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
- (F) The District's procedures and permissible bases for the complainant and respondent to appeal.
- (G) The District shall provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.
- (H) The Title IX Coordinator is responsible for effective implementation of any

remedies.

## **10. Appeals.**

The District shall offer both parties 10 days after a decision for an appeal from a determination regarding responsibility, and from a District's dismissal of a formal complaint or any allegations therein, on the following bases:

- (A) Procedural irregularity that affected the outcome of the matter;
  - (B) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
  - (C) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- (D) As to all appeals, the District shall:
- (i) Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
  - (ii) Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
  - (iii) Ensure that the decision-maker(s) for the appeal complies with the training standards set forth in this policy;
  - (iv) Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
  - (v) Issue a written decision describing the result of the appeal and the rationale for the result; and
  - (vi) Provide the written decision simultaneously to both parties within 10 days of the receipt of the appeal.

## **11. Informal resolution.**

The District shall not require as a condition of enrollment or continuing enrollment or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this policy. Similarly, the District shall not require the parties to participate in an informal resolution process and shall not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the District may facilitate an informal resolution process, such as mediation, that does not involve a full

investigation and adjudication, provided that the District—

- (A) Provides to the parties a written notice disclosing: The allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- (B) Obtains the parties' voluntary, written consent to the informal resolution process; and
- (C) Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

## **12. Recordkeeping.**

The District shall maintain for a period of seven years records of—

- (A) Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
  - (B) Any appeal and the result therefrom;
  - (C) Any informal resolution and the result therefrom; and
  - (D) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District shall make these training materials publicly available on its website, or if the District does not maintain a website, shall make these materials available upon request for inspection by members of the public.
- (i) For each response required under the District's process for responding to a sexual harassment formal complaint, the District shall create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If the District does not provide a complainant with supportive measures, then the District shall document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

### **13. Confidentiality.**

The District shall keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by federal or state law or regulations, or to carry out the purposes of Title IX requirements, including the conduct of any investigation or judicial proceeding arising thereunder.

### **14. Retaliation Prohibited.**

(A) No District or person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation or proceeding under Title IX. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

Complaints alleging retaliation may be filed in accordance with the procedures specified in Policy JAA.

(B) The exercise of rights protected under the First Amendment does not constitute retaliation prohibited under subparagraph (a).

(C) Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy does not constitute retaliation prohibited under subparagraph (a); provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

### **15. Time Frame.**

The District shall allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a

party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

## **CHILD ABUSE AND NEGLECT REPORTING**

**DESCRIPTIVE CODE: JGI-R(1)**

The purpose of this policy is to provide for the protection of children whose health and welfare are adversely affected and further threatened by the conduct of those responsible for their care and protection. It is intended that the mandatory reporting of such cases will cause the protective services of the state to be brought to bear on the situation in an effort to prevent further abuses, to protect and enhance the welfare of these children, and to preserve family life wherever possible. This policy shall be liberally construed so as to carry out the purposes thereof.

As used in this policy, the term:

(1) "Abused" means subjected to child abuse.

(2) "Child" means any person under 18 years of age.

(3) "Child Abuse" means:

(A) Physical injury or death inflicted upon a child by a parent or caretaker thereof by other than accidental means; provided, however, physical forms of discipline may be used as long as there is no physical injury to the child;

(B) Neglect or exploitation of a child by a parent or caretaker thereof;

(C) Sexual abuse or unwelcome touching of a child; or

(D) Sexual exploitation of a child.

(E) However, no child who in good faith is being treated solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall, for that reason alone, be considered to be an "abused" child.

Any school employee having reasonable cause to believe that a child has been abused shall report or cause reports of that abuse to be made to the principal or the principal's designee. A staff member who makes a report to the principal or designee shall be deemed to have fully complied with the policy. The principal/principal's designee shall make an oral report immediately, but in no case later than twenty-four hours from the time there is reasonable cause to believe a child has been abused and followed by a report in writing to the Department of Family and Children Services (DFACS) and the appropriate police authority or district attorney. Under no circumstances may the principal or designee to whom a notification of child abuse has been made "exercise any control, restraint, modification or make other change to the information provided by the reporter, although each of the aforementioned persons (mandated reporters) may be consulted prior to the making of a report and may provide additional, relevant, and necessary information when making the report". The official referral shall be documented on the appropriate reporting form (Exhibit). Any school employee who

reports or causes a report to be made under s policy shall in so doing be immune from any civil or criminal liability that might otherwise be incurred or imposed, provided such reports are made in good faith. The principal shall be notified of all referrals on child abuse/neglect. The school superintendent and principal will receive a copy of the written referral.

In a reported case of child abuse, the student may be interviewed by a law enforcement officer or other appropriate governmental investigating official without notifying the parent; however, no investigation of child abuse shall be conducted at school without the knowledge of the principal/designee. This investigation may be conducted without the principal/designee being present.

Suspected child abuse which is required to be reported by Georgia law by any person pursuant to this policy shall be reported notwithstanding that the reasonable cause to believe such abuse has occurred or is occurring is based in whole or in part upon any communication to that person which is otherwise made privileged or confidential by law.

Any school system employee having reasonable cause to believe that a student has been abused by another school system employee shall report or cause reports of that abuse to be made to the appropriate agency in accordance with the procedure above. The principal or designee who receives such a report shall immediately notify the direct supervisor of the alleged perpetrator that the report has been made. The supervisor shall immediately notify local law enforcement and DFACS and begin a cooperative investigation with these agencies to determine the facts and whether sufficient grounds exist to warrant a reprimand, termination, suspension, or other adverse personnel action against the employee. Upon the conclusion of the investigation, the supervisor shall submit a written report of his or her findings to the Superintendent.

All school personnel who have contact with students shall receive training in the identification and reporting of child abuse and neglect with annual updates in the form of memoranda, directives or other written information.

Any school employee required by policy to report a suspected case of child abuse who knowingly and willfully fails to do so shall be guilty of a misdemeanor.

(b) Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal's designee, and shall submit a written report of the incident to the school principal or principal's designee within 24 hours. If the principal is the person accused of the sexual abuse or sexual misconduct, the oral and written reports should be made to the superintendent or the superintendent's designee.

(c) Any school principal or principal's designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 shall make an oral report immediately, but in no case later than 24 hours from the time the reasonable cause to believe a child has been abused. Reports of acts of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the investigation of the allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual misconduct is valid, the school principal or principal's designee shall make an immediate written report to the superintendent and the Professional Standards Commission Ethics Division.

## **EQUAL EMPLOYMENT/EDUCATIONAL OPPORTUNITIES**

**JAA**

The School District does not discriminate on the basis of race, color or national origin, sex or disability in any student program. It is the policy of the Board of Education to comply fully with the requirements of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act and all accompanying regulations.

Any student, applicant for admission, parent or guardian or other person who believes he or she or any student has been discriminated against or harassed in violation of this policy must make a complaint in accordance with the procedures outlined below.

## **COMPLAINTS PROCEDURE**

Complaints made to the School District regarding alleged discrimination or harassment on the basis of race, color or national origin in violation of Title VI, on the basis of sex (except as stated below) in violation of Title IX or on the basis of disability in violation of Section 504 of the Rehabilitation Act of 1973 or the Americans With Disabilities Act will be processed in accordance with the following procedure:

1. (a) Any student, applicant for admission, employee, parent or guardian or other person with a complaint or report alleging a violation of Title VI, Section 504, the ADA or Title IX, excluding sexual harassment as described in 1b, above shall promptly notify, in writing or orally, either the principal for his/her school or the appropriate coordinator designated by the principal or the District. If the complaint is oral, either the coordinator or school principal to whom the complaint is made shall promptly prepare a memorandum or written statement of the complaint as made to him or her by the complainant

and shall have the complainant read and sign the memorandum or statement if it accurately reflects the complaint made. If the complaint is made to a school principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint. Reports or complaints other than those described in 1b shall be handled in accordance with the procedures starting in 2.

b. Any person with a complaint or report alleging sexual harassment as defined in Policy JCAC (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sexual harassment), may report, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator on the District's website, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator. Such reports will be handled in accordance with the procedures and grievance process specified in Policy JCAC.

2. If the alleged offending individual is the coordinator or the principal, the complaint shall either be made by the complainant to the Superintendent or, if the complaint is initially made to the school principal, reported by the principal to the Superintendent. If the alleged offending individual is the Superintendent, the complaint shall be made to the designated coordinator, who shall, without further investigation, report the complaint to the Board chairperson.
3. The coordinator or his or her designee shall have fifteen work days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator or designee shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant, the appropriate coordinator and the principal or his or her designee.
4. If the complaint is not resolved at the conclusion of this fifteen-day period or if

the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five work days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools. If the alleged offending individual is the Superintendent, the complainant may have the complaint referred to the Board of Education, rather than the Superintendent.

5. The Superintendent shall have fifteen work days to review the complaint and the response of the coordinator or designee and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his or her approval of the action recommended by the coordinator or designee or the action to be taken by the School District in response to the complaint in lieu of that recommended by the coordinator or designee and the time frame in which such action shall be taken.
6. This policy is not intended to deprive any student or parent of any right they may have to file a complaint under any other applicable policy of the local board or to contact the Office of Civil Rights or other appropriate state or federal agency with regard to any allegations that the School District has violated the statutes described above.
7. The School District shall be responsible for distributing and disseminating information relevant to this policy and procedure to students, parents and employees through appropriate procedures.
8. No reprisal shall occur as a result of reporting unlawful discrimination or harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.
9. The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible and complies with the law, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding consideration.

Complaints made to the Douglas County School System regarding alleged discrimination on the basis of race, color, national origin, sex, age, or on the basis of handicap, in violation of the Perkins Act of 1998, Title(s) VI and IX, or Section 504/ADA, will be processed in accordance with the following procedure:

1. Any student, employee or other person with a complaint alleging a violation as described above shall promptly notify, in writing or orally, the appropriate coordinator designated below for the school system. If the complaint is oral, the coordinator shall promptly prepare a memo or written statement of the complaint as made by the complainant and shall have the complainant read and sign the memo or statement if it accurately reflects the complaint made.
2. The coordinator shall have fifteen days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in such action will be taken and copies of this response shall be furnished to the complainant and the Superintendent.
3. If the complaint is not resolved at the conclusion of this fifteen day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools.
4. The Superintendent shall have fifteen days to review the complaint and the response of the coordinator and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his approval of the action recommended by the coordinator or the action to be taken by the system in response to the complaint in lieu of that recommended by the coordinator and the time frame in which such action shall be taken.
5. If the complainant is dissatisfied with the response of the Superintendent, then the complainant shall have the right, within fifteen days of the receipt of the written response of the Superintendent, to have the complaint referred to the Board of Education. In order to have the Board review the Superintendent's decision, the complainant must file with the Superintendent a written statement setting forth the reasons he or she disagrees with the response of the Superintendent and the action the complainant is requesting the system to take. The complainant shall also include in the written response a request that the complaint be referred to the Board of Education.
6. Within thirty days of receipt of the written request of the complainant, the superintendent shall present the matter to the Board of Education at its regular meeting or at a special meeting called for that purpose. The board shall review the original complaint, the response of the coordinator, the response of the Superintendent and the response of the complainant. In addition, the Board may, but is not required to, hear directly from any individuals with knowledge of any relevant facts relating to the complaint.

7. The Board of Education will either uphold the recommendation of the Superintendent or require the system to take some other action in response to the complaint. A copy of the action of the Board will be furnished to the complainant, either as a part of the minutes of the Board of Education or as a separate written statement. The Board shall be the final reviewing authority within the system.

8. The procedure is not intended to deprive any employee of any right they may have to file a grievance pursuant to any policy of the Board of Education, specifically including policy GAE, where appropriate. This policy is not intended to provide an alternative process for resolving evaluation and employment disputes where there already exists a due process procedure mandated by state law or State Department of Education regulations, specifically including, but not limited to, hearings to be conducted pursuant to the Fair Dismissal Act of Georgia, Official Code of Georgia Annotated 20-2-940 through 947. The complainant retains at all times the right to contact the Office of Civil Rights with regard to any allegations that the system has violated the statutes described above.

9. This procedure is available to students, employees and the general public through School Board Policy Manual available on the Douglas County School System Website ([www.douglas.k12.ga.us](http://www.douglas.k12.ga.us)) and at the Central Office of the Douglas County Board of Education, P. ## **STUDENT RECORDS**

## **DESCRIPTIVE CODE: JR**

Student records shall be defined as all information about students recorded or collected in any format by local school systems or individual schools that may include educational/psychological assessments, school attendance records, personal data, health information, disciplinary actions, and/or academic progress.

Professional staff of the schools will review all records in their immediate keeping to assure that only responsible and documented information is maintained, removing as necessary extraneous or inappropriate information. The person in professional status responsible for maintaining records will be responsible for administering the use of the file in observance of due process and will guarantee that records contain factual, documented information on students. All information contained in any student records not meeting this requirement shall be removed.

Student cumulative records must contain, but are not limited to: identifying data, academic achievement, attendance data, standardized test scores, immunization records, and required health screenings. Academic achievement records of individual students of Douglas County Schools shall be maintained for a period of at least 70 years (after the student leaves, transfers or graduates) and the attendance data for a period of at least three years. These shall be housed in a fire-resistant place.

No person or party, except the parents or legal guardians and students over eighteen (18) years of age, shall be permitted to examine or obtain information from the records of students

except, (1) by the written consent of the student's parent or lawful guardian specifying records to be released, the reasons for such release, and to whom, and with a copy of the records to be released to the student's parents or lawful guardian and the student if desired by the parents, or (2) in compliance with judicial orders, or pursuant to any lawfully issued subpoena, upon the condition that parents or lawful guardians of the student are notified of all such orders or subpoenas in advance of the compliance therewith. (Divorce does not end a parent's right to review the child's records unless the courts specify that such review or contact is prohibited.)

The records of the school concerning an individual student shall be used for appropriate educational purposes and for the promotion of the student's welfare. Student records shall be made available to an outside person or agency only under the following conditions:

1. A "Release of Information" request is received by school officials duly signed by a parent of the student, or legal guardian, or by a student of legal age (18 years or older). File completed request in student cumulative record.
2. A "Request for Information" request is received by school officials in the form of specific request from the court or a court order. Only information requested shall be provided and the parents and/or students shall be notified of all such orders in advance of compliance with the order.
3. A "Request for Transcript" is received by school officials from a receiving school including schools operated by the Department of Juvenile Justice. Only information such as grades, attendance records, discipline records for students in grades 7-12, and group test scores should be included. Psychological reports and health reports cannot be released without having been specified in the signed "Release of Information" request as per #1 above. Schools must comply with appropriate requests for transcripts within 10 calendar days.
4. In instances where requests for information might come from an outside agency such as the VA, working for the welfare of a student, the agency will file a release from the student or parent or guardian. In lieu of such a release, a form signed by a judge (not necessarily in the form of a subpoena) would suffice, provided the parent, student, or guardian is notified that such a form has been received.
5. In instances where requests for information come from the Comptroller General of the United States, the Secretary of Health and Human Resources, Secretary of Education, an administrative head of an education agency or state educational authorities in connection with the audit and evaluation of federal programs or for the enforcement of federal legal requirements which relate to such programs, only that data which would not permit the personal identification of such students or their parents shall be released. This does not prevent federal officials, administrative head of an agency or state educational authorities to audit and evaluate provided confidentiality is maintained and information later destroyed. The only exception shall be when the collections of personally identifiable data is specifically authorized by federal law.

Schools and the school system shall not withhold any student record because of nonpayment of fees.

Schools or the school system receiving the transferred record shall notify the parent(s)/guardian(s) of students in grades 7 through 12 that the record has been received. Student records shall be available to parents, legal guardians, and students of legal age, upon their written request. This does not include records that have the names of several students. Individual parents, guardians, or students may also inspect these records upon request.

## **PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)**

### **Definition of Terms Used in PPRA**

The term does not include academic tests or academic assessments.

*“Personal Information”* - Individually identifiable information including: (1) a student or parent’s first and last name; (2) home address; (3) telephone number; or (4) social security number.

### **Requirements**

No student shall be required to submit to a survey, analysis, or evaluation that reveals information concerning:

1. Political affiliations or beliefs of the student or the student’s parent;
2. Mental or psychological problems of the student or the student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;

A parent of a student may, upon request, inspect any survey created by a third party containing one or more of the items listed as (1) through (8) above before the survey is administered or distributed by a school to a student and may choose to opt the student out of participation in the survey. The Superintendent shall develop procedures for: (1) granting a request by a parent for reasonable access to such survey within a reasonable period of time after the request is received, and (2) making arrangements to protect student privacy in the event of the administration or distribution of a survey to a student containing one or more of the items listed as (1) through (8). The requirements of PPRA do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA).

educational curriculum for the student. The Superintendent shall develop procedures for granting a request by a parent for reasonable access to instructional material within a reasonable period of time after the request is received.

This notice shall offer the parent the opportunity to opt the student out of any non-emergency, invasive physical examination or screening that is (1) required as a condition of attendance; (2) administered by the school and scheduled by the school in advance; and (3) not necessary to protect the immediate health and safety of the student, or of other students.

The parent of a student shall be notified prior to the commencement of activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose). Such notice shall offer the parent the opportunity to inspect, upon request, any instrument used in the collection of such information before the instrument is administered or distributed to a student and to opt the student out of such activities. The Superintendent shall develop procedures that: (1) make arrangements to protect student privacy in the event of such collection, disclosure, or use, and (2) grant a request by a parent for reasonable access to such instrument within a reasonable period of time after the request is received.
